

Bowser prevails Will complete Sidewalks job

The resurfacing of sidewalks now underway in Newmarket will be extended to include over 90 percent of the sidewalks in town. This was the decision of council on Monday after a persistent plea "to finish the job" from the chairman of the roads and bridges committee, Councillor Frank Bowser.

A resolution was passed to resurfacing has been done in other centres and stood up well, other \$20,000 to complete the resurfacing. Work now underway is financed by an earlier debenture for the same amount. Total cost of the sidewalk resurfacing in Newmarket is \$40,000.

Pointing out that on the work done so far, the town had saved some \$8,000 by the resurfacing method instead of laying new concrete, Mr. Bowser asked council to agree to finish the original work by resurfacing and to vote another \$20,000 to do the rest of town the same way.

"We have had many requests from residents to have their walks resurfaced the same way as on Park and Botsford Sts.," he said. "Our insurance costs are steadily climbing because of the number of claims arising out of their present condition. We would have a substantial saving there as well as providing decent walks for the citizens."

"Couldn't we wait and see what the job looks like after a year?" asked Mayor Vale. "An additional \$20,000 is a large amount to debenture for when we already have debentured for the first \$20,000."

"We know that the method of

PLAN PICNIC SERVICES FOR 100TH BIRTHDAY

Lorne Evans, former reeve, was named chairman of the Whitchurch township centennial committee at a meeting in Vandorf Hall last Thursday. Present were representatives of township organizations and members of Newmarket and Aurora councils.

Tentative plans call for the formal recognition of the township's birthday on September 15 and 16, with a picnic on the first day at Musselman's Lake, and Sunday services of commemoration the second day.

It was suggested that a cavalcade start at Aurora and go to Stouffville and return to the picnic ground. A historical committee is considering the possibility of printed township history. Other committees have been formed and are holding their meetings.

Councillor Lorne Paynter is representing Newmarket on centennial committees; Mayor Alex Bell, Reeve A. A. Cook and Councillor Victor Jones representing Aurora. Mr. Paynter told council on Monday night that he had suggested the use of the arena, as the largest gathering place in the township, as a site for centennial observances.

NEPHEW BUYS BUSINESS OF LATE MR. BURKE

The purchase of the dry goods business of the late Tom Burke by Richard Senecal, a nephew, was completed this week. Mr. Senecal is an experienced retailer and took over the business on Tuesday.

Born at Ste. Therese, near Montreal, and educated there, he worked for Simpson's at Rouyn, Que., until his enlistment in the R.C.A.F. as a wireless operator. Following his discharge after three and a half years of service, he returned to merchandising and worked at Dolbeau, Que., until the purchase of the Burke business.

He married Jean Peppiatt, daughter of Mr. and Mrs. Art Peppiatt, Newmarket, and the couple has three sons, Paul, six, Mark, four, and Gill, two. Mr. Senecal is looking at present for a home and hopes to build here shortly.

The date of the purchase of the Burke business on Tuesday has assumed a double meaning for the Senecals. It is also their wedding anniversary.

"It is my hope to carry on the business as Mr. Burke, and before him, Mr. and Mrs. W. C. Lundy, did," says Mr. Senecal. "They earned a wonderful reputation in Newmarket and I want to carry on the tradition they began."

Thieves crack safe Of Sutton liquor store Get only petty cash

As an aftermath to the busiest night in the memory of the Sutton police department, burglars broke into the Liquor Control Board store in Sutton early Sunday morning, blew the door from the safe and escaped with a small amount of money.

The thieves, believed to be expert, broke two locks on the front doors of the store. Once inside, they drilled four holes in the door of the safe, built "swallow's nests" around the holes, and blew the door from its hinges. According to police, the job was that of experts. "Swallow's nests" are small dams made of plasticene or putty which are built around the holes drilled in the face of the safe. The liquid explosive is poured into the holes and held there by these pouches or dams, built on the outside.

Several people nearby heard the explosion, but it was not loud enough to cause them alarm. Apparently the burglars were frightened away however for they missed the bulk of Saturday's take and did not steal any liquor. Local police were so busy in the Jackson's Point area that they had no time for patrol in this part of town.

Next morning, Clifford Scott, who lives next door to the liquor store, noticed that the door was open. He immediately notified James Schmidt, manager of the store. When Mr.

Police out of town Mayor subdues drunk

It was impossible to find an Aurora policeman one day recently when a series of incidents requiring the presence of an officer of the law occurred in town. Unknown to the mayor or members of council, the chief of police was on holidays and the constable absent from town on a case involving a stolen car. The Ontario Provincial Police had to be called upon to investigate an accident on Yonge St. after a party of tourists had remained at the scene for over an hour and a half. Later, a man in an intoxicated condition became troublesome and several citizens including Mayor Bell and a woman had to try and subdue him.

SEND THANKS

Newmarket council has received a letter of appreciation from the Manitoba Flood Relief Fund which asks council to accept on behalf of the people of Newmarket the gratitude of the Manitoba flood victims for Newmarket's assistance. Contributions totaling more than \$7,000 were made by individuals and Newmarket industries during the flood relief campaign.

Store window recalls Former photographer

Memories of an earlier Newmarket were awakened this week when an old store window with the name E. Zurbriig printed on it was uncovered during the wrecking of the building behind the post office on Park Ave.

Ebenzer Zurbriig was a photographer in Newmarket about 40 years ago and an active member of the Methodist, now United, church. Mr. Zurbriig is at present living in Wingham and has been back to Newmarket on several occasions. He attended the Old Boys' Reunion held in town in 1939.

The lot on which the building stands adjoins the municipal parking lot and will be used for parking for the time being.

Warn builders to keep Shingles out of sight

Builders in the north end of the county have been troubled for the past couple of months by thefts of shingles from homes under construction. Last week such thefts were reported from Whitchurch township. On Tuesday of this week, shingles were stolen in Newmarket.

Chief Constable Eversen Burridge warns all builders to keep deliveries of shingles under lock and key.

SOAP BOXES RACE DOWN MAIN ST. HILL

Warren Townsley won first prize at the Newmarket Legion "Soapbox" Derby last night. Duncan Johnston and Don Harrison were second and third in the 11 entries. The event was most successful, said T. M. Ewing, chairman. Main St. was crowded to see the homemade racers travel down the hill.

Other entries were Ronald Allen, Gerald Duffield, Ronald Bray, George Davies, Charles Macguire, Ralph Bray and John Macguire.

George Case won the special prize for the most portable soap box racer.

Three cups for the winners were donated by the Newmarket Optimist club and were presented to the winners by Mayor Vale. There were cash prizes as well and John W. Bowser, Aurora builder, donated a cash prize to those who did not win. Lou Young, theatre manager, provided passes for all entries, and there was free ice cream and pop at the Legion carnival.

The carnival, which was held following the derby in the parking lot behind the post office, was considered highly successful by the Legion.

During the races, a spokesman for the Legion said that the organization had sponsored the derby in the belief that it was a constructive hobby for kids and gave them something to work for.

Fireworks firm To build plant Will employ 100

The old Howlett farm on the corner of the Bogartown sideroad and the fourth of Whitchurch has been purchased as the site of a fireworks plant.

The sale of the property climaxes a series of negotiations between the representatives of the councils of Whitchurch and Newmarket.

Purchaser of the property is the Interstate Fireworks Mfg. and Display Co. Inc. of Springfield, Mass. Already some of the equipment for the firm has been shipped and it is expected that the work of building the plant will begin shortly.

It is expected that the firm will employ a 100 workers, 50 men and 50 women.

The firm will be manufacturing display and retail fireworks. It is understood that the firm supplied the fireworks for the Calgary Stampede.

Aurora council To discuss naming Building inspector

A building inspector for Aurora will be discussed at a special meeting on August 18, it was decided at the Aurora council meeting on Monday night. The subject arose when council heard written protests against the location of two garages now under construction.

"Council must realize that these complaints will continue because the town does not have a building inspector," pointed out Councillor Don Glass.

Council passed a motion for a sidewalk on Catherine Ave. following a request from five residents. The parking committee reported the only property possibly available as a municipal free parking lot was at the rear of the stores on the west side of Yonge St.

The committee was given authority to try to lease and level this area for parking.

A letter from a parking meter company was turned over to the streets committee. Reeve A. A. Cook said he thought meters were inevitable. The opinion was expressed that the parking lot must be in order first to accommodate the cars of the local business people who could not limit their parking to a definite period.

A discussion on action to be taken in the matter of a stolen car seized by local police took up considerable time. A letter was read from a firm of Toronto lawyers notifying council that unless the car was released immediately to a Toronto firm the chief of police and the town of Aurora would be involved in a law suit.

A motion by Councillor Chas. Davies was passed by council "that the lawyers be informed that according to the police, their instructions in this case warranted the issuing of a warrant for the arrest of a salesman, an employee of a local motor sales company, for the theft of the car. Description of the car was broadcast by the provincial police and later reported by Toronto police to be on a used car lot in Toronto. Toronto police notified local police to take possession. Council has no authority to release the car without the

Two Aurorans hurt In car collision

A head-on collision on the Lake Shore Road a mile west of Jackson's Point caused injuries to two Aurora residents Saturday night. D. R. Mathers suffered cuts and bruises and possible chest injuries. Mrs. Mathers was badly shaken up and cut about the face. Mrs. Norma Simpson, Toronto, the driver of the other car involved in the accident, was not injured but her mother, Mrs. C. James, also suffered facial lacerations. The injured persons were treated at the office of Dr. M. Tuchtie, Sutton.

TO RID FOND OF SCUM

It was decided at the Monday night meeting of the Newmarket council to drain Fairley Lake over the weekend in an effort to clear the surface of the pond of the present unsightly green scum. No member of council could throw any light upon the cause of the scum and it was thought that a government expert might be able to explain it.

written order from the man who swore out the warrant."

Councillor Corbett read the financial report of the Aurora Memorial rink showing receipts of \$12,412.32 for the first year of the rink has had artificial ice. After the debts and the interest on the debentures have been paid, the commission will have a balance of \$1,523.64. Councillor Don Glass moved that the clerk write a letter to the rink commission expressing the appreciation of the council for the way the rink has been operated during the year. The motion was seconded by Harold Pringle.

BUSY WEEKEND

Safe cracking, liquor, fights Keep Simcoe police hard at it

Sutton and North Gwillimbury police report that last weekend was the busiest in their memory. Teen-age riots and infractions of the liquor act, combined with several serious accidents and a safe cracking job, kept constables on duty for all hours of the night Saturday.

In the village of Sutton, police had the full filled before the evening was through. Shortly after 8 o'clock, Marshall Hall, 19, and Donald Smith, 20, both of Toronto, were arrested for having liquor in an illegal place. At 12.30, Ronald Weiler, 23, Mount Albert, and William Neely, 30, Toronto, were arrested for fighting. Ten minutes later, Kenneth McMenamie, Toronto, joined the others in the town jail, charged with drinking in a public place. At 3.20, Gordy Terry was put in the lock-up on the same charge.

Ten minutes after Terry's arrest, Ronald Ball, 22, assaulted the chief constable while being questioned. Chief Stan James quickly jailed him. Later, at

5.10 Sunday morning, John L. Hayward, 22, was charged with careless driving and having liquor in an illegal place.

Next morning, before the chief and the other constables had had time to get sleep, a call came from the manager of the liquor store in Sutton. During the night, thieves had broken into the store, blown the door off the safe and stolen the petty cash. Sleepless police, braced with quickly downed cups of coffee, climbed from their beds to begin investigation of this added week-end worry.

In the meantime, North Gwillimbury police had had to deal with an outbreak of fighting at the Lighthouse dance hall, a head-on collision on the lake shore road and numerous trouble calls and minor accidents.

It is reported that members of the North Gwillimbury council and constables have met to discuss the co-ordination of police service in the Georgian, Sutton and North Gwillimbury.

Former premier Had close association With North York

The man who led his party to its first victory under his leadership in the riding of North York was buried in the family plot at Mount Pleasant cemetery in Toronto today. William Lyon Mackenzie King was well known in this riding where he had sought election three times: in 1917 under the banner of Laurier Liberalism and was defeated, in 1921 when he led the party to its first victory under his leadership and in 1925 when he suffered personal defeat although the party won a slender victory.

This riding, and particularly in the district about Newmarket and Aurora, had another association for Mr. King. It was here that his grandfather, William Lyon Mackenzie, had raised the 1837 revolt against the Family Compact. Eighty-four years later, Mr. King was to stomp the riding and win a victory on many of the same issues that his grandfather had raised before him.

Flags flew at half-mast in Aurora and Newmarket this week. Newmarket council passed a resolution of condolence. Aurora council observed a two-minute silence. Among many of his old friends in the district there was a keen sense of personal loss. For the others there was a realization that Canada had lost a great patriot.

Mr. King's political career spanned a period of the development of Canada from the status of a colony to that of complete autonomy while at the same time, maintaining the historic bond with the Empire. His influence will persist for generations. His legislation set precedents which have since become foundation stones of national policy. He led the country through the worst war in world history and in the councils of the nations, he made Canada's voice one to be respected.

Mr. King entered political life in 1900 as first deputy minister of Canada's department of labor, and first editor of the Labor Gazette. In his studies and research into social and industrial relations, Mr. King had revealed shocking working conditions among employees of firms doing government work. Through the friendship of his father, John King, with the post-master general, Hon. William Mulock, later Sir William, Mr. King was able to meet the cabinet minister and bring to his attention what he had discovered.

The postmaster-general was shocked by what Mr. King told him and asked for suggestions. Mr. King made several reports, out of which came the Fair Wages Resolution which the postmaster-general introduced in the House of Commons. This piece of labor legislation contained all of Mr. King's suggestions to curb sweatshop labor.

Appoint town committee On annexation to west

A committee was appointed at the meeting Monday of the Newmarket council to consider the possibilities of the annexation of Whitchurch township lands lying between the town and Yonge St.

There has been discussion of the possibilities of annexation before in council and with representatives of Whitchurch township. A possible area of annexation would include the Crossland sub-division off Millard Ave. It would also serve the useful purpose of straightening out the west boundary of town which is now somewhat irregular.

Mr. and Mrs. Charlie Scott, Donna and Linda, Toronto, spent a few days with Mr. and Mrs. William Kingston.

A successful field day and picnic and community party was held at the Vandorf Hall and grounds on Wednesday afternoon and evening, July 19. One of the highlights of the afternoon was when Gormley W.I. ladies were defeated by the Vandorf W.I. ladies in a game of baseball. The score was 29-26 and some bruises for everyone. Games, races and prizes were a special feature for all the children.

After the supper a ball game with a group from Maple playing Vandorf proved an exciting game. Then came the program when the Junior Farmers gave their version of a mock wedding and a half hour play entitled "A Night at Nautical Knot", under the direction of Mr. George Richardson, which was much enjoyed.

Special music was provided by Mrs. John Ash, her brother, Mr. Kirby, and her son, Mr. Meredith Ash.

MODERN EQUIPMENT
Makes Easy Work
of Harvesting**

The ease, speed and economy of harvesting nowadays typifies the change in farming that has come with new and better equipment.

Through progress in implement engineering the burden of farm work has been transferred from muscles to machines—with decided advantages physically, socially and economically to those engaged in agriculture.

Latest machines like the Massey-Harris self-propelled combine have established a new appreciation of the importance of mechanization and a realization that farming with modern power machines is easier and more profitable.

Big day of fun Promised for all At Queensville Aug. 5

The third annual Queensville sports day to be held in the park Saturday, Aug. 5, promises to be bigger and better than ever with a full program of sports, games and music. The Little Britain band will play during the afternoon and evening.

The men's softball tournament, open to the first six teams to enter, will be a highlight of the afternoon. The first game begins at 1 p.m. Prizes are \$50, \$30, \$20, \$10. Peregine, Queensville, is director of tournament and the \$10 entry fee is to be refunded when the team is fielded.

Many children's events are scheduled, among them are: copper scramble, 5 years and under; tricycle race, 6 years and under (participants are asked to bring their own tricycle); hidden shoe race, boys and girls, 7 and 8 years; banana race, boys 9 to 13 years; pillow fight, boys 13 and 14; ball throw, girls 9 and 10 years; ball rolling, girls 11 and 12 years; girls' open race.

Special events include prizes for largest family present; oldest lady present; oldest man present; youngest child present; most newly married couple. A cafeteria supper will be served in the new rink and in the evening a first-rate concert will be held with Carl Ross, master of ceremonies, and Freddie Godwin at the piano. Providing entertainment will be Charlie Jackson, singer, comedy star; Lou Rayne, a favorite of all, comedienne and perfect imitator; Herb Camp, one of the original Keystone cops of Hal Roach films. He appeared with Ben Turpin and Charlie Chaplin. Bill James and Co., who are featured at the C.N.E. grandstand show in 1949, with their fun and nonsense, birds and animal acts are also promised standouts.

Later in the evening, modern and old time dancing to a good orchestra is planned and a draw will be made for a chesterfield suite; five-day trip to New York for two; kitchen dinette suite; lazy-boy chair and man's or lady's tailored-to-measure suit. A radio will be given to the holder of the lucky number program who is in attendance. Refreshment booths serving food are operated by local women.

Officers for Queensville Sports Day: past pres., Rex L. Smith; pres., Harry N. Toombs; vice pres., Fred K. Dew; sec.-treas., Mrs. Chas. Milsted, invite everyone to come and help make this third annual sports day a great success.

YORK COUNTY

In Review 1615 - 1949

This is another of a series of articles on the history of York County, edited by Hugh Griggs, Mimico, from information compiled during the past four years by W. G. Goddard, staff member of Weston Collegiate Institute and Vocational School. York County celebrates its centenary this year.

At the second quarterly meeting of the Home District Municipal Council on May 10, 1942, Mr. Franklin Jackes, representing the township of York, moved that a select committee be appointed to report to the council, some appropriate device for a common seal for the district and that Mr. Peter Perry, representing the township of Toronto, and Mr. Walker Smith, representing Whitechurch, compose the committee.

This motion was approved by council, and Mr. Jackes was made a member of this committee and was appointed its chairman.

On May 14, 1842, Mr. Jackes presented a report and drawing of a seal decided upon by this committee. This seal was intended to represent the gradual progress of improvement in the country. In one quarter of the shield, the deer stricken with an arrow, supported by an Indian, showing the original state of the country; in the second quarter, the first progress in agriculture by the sheaf of wheat; in the third quarter, the forest with an axe in the tree, being the first act of improvement; and in the fourth, a steam boat, to represent the highest state of improvement at which the country had arrived.

There was a p.s. to this report stating a crown would be introduced for a crest, and the complete report was adopted by the district council.

A committee consisting of Mr. J. W. Gamble, Elmhurst, Mr. John Scarlett, York, and Mr. Franklin Jackes was appointed to superintend and procure the execution of the seal.

It was not until February 4, 1850, that at the first session of the municipal council of the County of York, Mr. David Reesor of the township of Markham moved that "the clerk be instructed to procure a seal for the municipal council of the County of York, and that the device on the seal of the late home district council be engraved on the same, and that the treasurer be authorized to pay the cost thereof on certificate of the warden."

The year of 1843 saw the Toronto Gas-Light and Water Company begin pumping water from the lake to supply the city. The same year, the office of superintendent of education was abolished and the provincial secretary was made responsible for educational affairs in Upper Canada. This was the first time that a minister of the crown assumed responsibility for education.

Rowland Burr suggested that a canal be built joining Lake Ontario and Georgian Bay along the Humber River, but nothing came of this.

Reduced in Size
The home district was reduced in size again in 1845 to consist of the County of York which comprised the area of the present county in addition to the counties of Peel and Ontario.

At this time Yonge St. was placed under the control of the government of the United Canadas. Dundas St., Kingston Rd. and the Lake Shore Rd. were handed over to the jurisdiction of the district; later to the county.

On October 21 and 22 of the next year, the first provincial

Four vital steps to security (with something important in common)

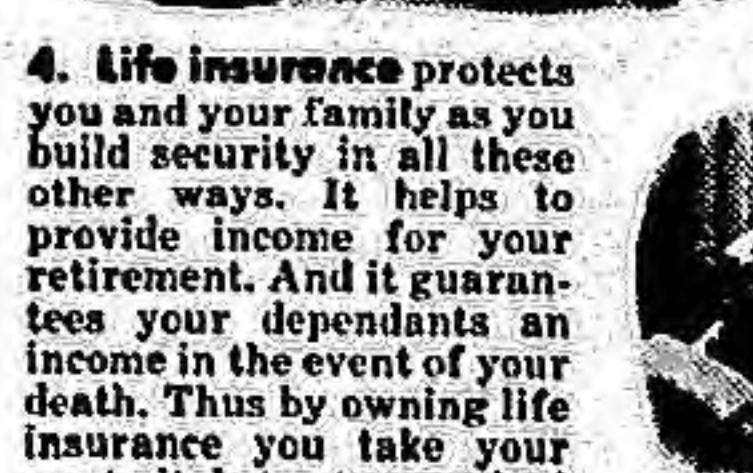

1. A steady job is the foundation of security. And job-security can be increased by showing initiative — the quality which, surveys prove, makes workers most valuable. Life insurance dollars, invested in industries and public works, create many new jobs each year.

2. Owning your own home builds security two ways. It allows you to make a sound investment through regular savings, and it brings freedom from housing worries. Hundreds of thousands of Canadians now own their own homes, built with the help of life insurance dollars.

3. Cash resources, such as savings accounts and Canada Savings Bonds, promote security by providing funds for emergencies. And it is important to save regularly. Life insurance helps you save systematically — for family protection, retirement and other future needs.

4. Life insurance protects you and your family as you build security in all these other ways. It helps to provide income for your retirement. And it guarantees your dependants an income in the event of your death. Thus by owning life insurance you take your most vital step to security!

Here's to your future! In all these ways, life insurance helps you and yours to find greater security. Today 5 million Canadian life insurance policyholders are helping themselves and each other to face the future with increasing confidence!

Well what next?
I was visiting a friend up at Lake Simcoe the other day and her next-door neighbor came in for a chat and that was the first time I heard of the "Mystery Tours" put on (now have I remembered correctly?) the Gray Coach Bus Co.

If I am wrong, well never mind, it doesn't really matter who instigated it, does it? And here is how it came about.

We saw a group of riders come down the road and were told that a new venture was being tried out. Saddle horses for hire, with trained riders in charge. There were all kinds of horses from black or tan (should I say chestnut?) to piebald ones—and the riders were dressed in all kinds of western regalia.

I said Mart Kenney's Ranch is well advertised over the radio—they should advertise too! And the neighbor gave a delighted laugh saying: "Oh, I was out to Mart Kenney's Ranch the other week—it was a 'Mystery Tour'."

Of course we were all interested and wanted to know just what that entailed? Well it seems that you apply for a seat on the bus for a certain date so they know how many buses will be needed for the tour. You start out after dinner on a Sunday, and are back in time for tea. You see it does not interfere with church services.

The beauty of it is you do not know your destination. A mystery till you arrive! She and her son went one Sunday and that's where they landed—Mart Kenney's Ranch! They were taken for a tour of the ranch and the stables and all—they could even have a ride if they wished. Everything was done for their pleasure and their comfort, and she said it was really a most delightful trip, and everybody was pleased and satisfied.

However another mystery trip made to Aurora was not so enjoyable she said, for you scarcely could get a cool drink or ice cream and there didn't seem anywhere to go to sit down. Possibly the Aurora folks were caught unawares. If they should come to Newmarket wouldn't it be jolly to greet them with one of our delightful open air band concerts in Lions park? But I suppose nobody knows where the mystery tour will take you or when, and so how could we know ahead when to be ready?

All the same, I think it a splendid idea—and now I have once heard of the mystery tours perhaps I shall hear more about them. Just wait and see if you do not hear more of them—if you, too, are hearing about them for the first time.

Note to anglers: With reference to the advice we have received, and passed on by this column on the proper bait for bass—Mr. George Vale assures us that the only bait worth using are leeches. Personally, we are no longer fishing for bass. It is an altogether too complicated sport.

We were reading about "bobbing" for mudcats and that strikes us as being more entertaining than the bass—or perhaps it was simply the eloquence of Gregory Clark, author of the piece in the Montreal Standard.

"Bobbing," says Gregory, is best done at dusk and preferably with a thunderstorm gathering weight overhead. Locate a catfish hole, stir up the mud with an oar and drop the bait, literally a ball of worms, made by threading some feet of line with worms and rolling the mass into a ball.

With a keen insight into the habits of the catfish, he describes the prey's delighted surprise when he noses out the worms, his greed which causes him to grab the ball and hold on while he is being lifted aboard, his pained surprise at finding himself landed and his reaction, an obliging disgorging of the bait, saving the angler the messy business of releasing a hook wedged deep in the gut of the fish.

The real "bobber" says Gregory, hauls his fish out of the water and into a basket in one motion and never lays a finger on it. What ho for a ball of worms in the thundering twilight.

We had two encounters with Mr. King which we remember well for his graciousness. The first was at the funeral of Sir William Mulock when following the ceremony, Mr. King was greeted by many of his old Newmarket friends. The second was at the convention when his successor was elected. At that time, he sent through The Era and Express a message of greeting and remembrance to those who had helped his campaign in the riding in years gone by.

For one who is so frequently described as "colorless", Mr. King left a strong impression on all those who met him. Perhaps it was the very shyness, the diffidence so foreign to public figures, which heightened the impact of his personality upon all who were near him.

There was a quality too about Mr. King which encouraged the strongest sort of loyalty among his supporters. In this riding, there are men and women who speak of Mr. King with a respect above all respect for temporal affairs. Mr. Tom Blackburn in Kettleby is one such. Another is Mr. Silas Armitage in Newmarket. These two knew him well during his campaigns. There are hundreds like them but they come to mind most readily because of their years, years which have seen many of the mighty play their roles and quit the stage but have undimmed their respect for their leader.

JULY 24, 1925

The fourth annual reunion of the descendants of Mr. Ira Morton, Keswick, was held at the home of his son, W. E. Morton, "Meadow Springs", Newmarket, on July 21. Among those present from a distance were Mr. and Mrs. D. M. Morton, Holley, N.Y., Mr. and Mrs. John Morton, Batavia, N.Y., Rev. and Mrs. R. E. Morton were also present from Thornbury.

Good market last Saturday morning. Butter went up to 35 cents and eggs from 33 to 36 cents. Garden raspberries were 18 to 20 cents a box and black currants, 15 cents or two for 25 cents.

The vote on Monday was against the purchase of the Cane homestead for the purpose of a memorial hospital. Of the 622 ballots cast only 197 were in favor.

An enjoyable evening was spent at the home of Mr. and Mrs. Thos. Monkman, Oak Ridge, on Saturday night, the occasion of the birthday of their daughter, Mrs. Thos. H. Walls, Newmarket. Mrs. Walls was presented with a cabinet of silver from the family. The presentation was made by Gordon Travis and Norman Legge, nephews of Mrs. Walls. Billy Sylvester, York Mills, read the address.

King City remained undefeated in the Fairbank and district football league by winning from Milton 5-1 on Saturday afternoon. S. Banks was the referee. King City heads the list, having played nine games, won seven and lost none.

Mr. G. B. Thompson's grounds, Holland Landing, was the scene of a family reunion, July 18, when the descendants of the late Wm. and Francis Webster, North Hamptonsire, England, met together. The afternoon was spent in ball games and novelty races.

JULY 27, 1904

The anniversary service in connection with Trinity church, Bradford, was held last Sunday and on Monday evening the cornerstone of the new church was laid by his Lordship, the Bishop of Toronto, assisted by clergymen from other parishes. A garden party followed the laying of the cornerstone.

Joan Dolan and Henry Low are playing with the 12th Regiment band at the Military Tattoo in Toronto this week.

The high school board received 27 applications for the position left vacant by the resignation of Miss Starr. Mr. Wm. Forbes, formerly science master at Markham high school, was accepted.

Mr. T. H. Brunton has returned from London where he was attending Masonic Grand Lodge. The Hunt boys of London returned with him and are spending several weeks in town with their uncle.

On Saturday John Warriner, Keswick, raised a barn on the farm of Dr. Boyer, near Roach's Point. This is the ninth barn this season and he has one more to raise.

Prof. C. E. Farringer of the Ontario College of Music, Toronto, spent last Friday with Mr. C. S. W. Scott at "Weehawken" and assisted the band at its open air concert in the evening.

Masters Jaffray Robertson and Irvin Ross wheeled to Barrie last Saturday to spend part of their vacation.

The garden party held by the Christian church, Kettleby, on Calvin Doan's grounds last Monday evening was a great success and proceeds were \$59. The Newmarket band was in attendance.

Walter Cain, son of Mr. Michael Cain, baggage master at the depot, has won the gold medal for proficiency at the Ottawa normal school.

The Editorials:

Knew him in North York

The people of North York knew William Lyon Mackenzie King well in the early years of his political career, and many felt a keen sense of personal loss at his passing. He was candidate in North York three times, in 1917 as a Laurier Liberal, in 1921 in his first election as leader of the Liberal party, and in 1925.

Eighty-four years before Mr. King's first victory as party leader, his grandfather, William Lyon Mackenzie, had raised in the riding an abortive rebellion against the Family Compact on the issue of government by representation. Mr. King derived much inspiration from the "Little Rebel". He stumped the riding in 1921 pleading the same causes his grandfather had before him but more successfully.

There was another association with the riding for Mr. King. Sir William Mulock had his home here. Sir William had induced Mr. King to enter politics when he was seriously intending an academic career. Mr. King became Canada's first deputy minister of labor under the sponsorship of Sir William, then postmaster general.

It was inevitable that with his death, the effort would be made to assess the measure of Mr. King's leadership. It was inevitable too that such an effort would fail. His time and his circumstance were such that he can only be judged in the perspective of history.

Mr. King was a great Canadian. The accomplishments of a lifetime devoted to the service of his country assure him a large place in its history. That can be said with certainty, but how large the place must rest with posterity. The events he set in motion in his lifetime will influence Canadian affairs for generations.

True greatness is not confined to the accomplishments of the moment. Such was the massive influence of Mr. King upon his country at its most impressionable period, indeed, upon the whole world in its time of uncertainty, that only as the years unfold upon his fateful decisions and precedents will understanding come.

Whatever that verdict, Canada mourns today a true patriot, a humanitarian, a world figure.

Bowser wins the day

Councillor Frank Bowser, with eloquence and determination, pleaded the cause of resurfaced sidewalks in Newmarket and won his case in council Monday, and thereby earns no small praise from the citizens. Mr. Bowser asked for an additional \$20,000 to complete the resurfacing of sidewalks in Newmarket, a job undertaken originally with resources which would have left the job uncompleted.

Some members of council were hesitant of a total expenditure of \$40,000 in one year on one project. Mr. Bowser was urged to wait and finish the job next year. His reply was painfully apt: "If we wait now, we will be waiting ten years from now," he said. "Next year, something will come up and the job will be postponed, and it will be postponed again the following year. If we are ever to complete our sidewalk repairs, now is the time to do it."

The all too evident truth of this was, we think, the reason Mr. Bowser and his supporters carried the day. Sidewalk resurfacing is now underway; it is only common sense to complete the job even if the cost is higher than originally planned. And the truth of Mr. Bowser's argument has been all too frequently demonstrated.

Our guess is that Newmarket taxpayers would be willing to pay double the amount Mr. Bowser asked for to complete the job. The condition of our sidewalks has been a source of embarrassment, inconvenience—yes, and danger, to citizens for years. With the outward appearance of Newmarket streets restored, we can all share in a greater pride of our town.

Action on feed prices

"Back Concession" in his adjoining column remarks: "We farmers all want something done to give us a little better deal, but we won't take the time to study the problems and we won't work on any committee. Just how long will it take the farm people before they get fighting mad? There were those in farm organizations who had thought that this nice little squeeze play in coarse grain prices would increase interest in our farm meetings. Could it be that our farm people . . . by hard work have so denuded themselves that they do not care what happens? Are we to sink into a state

Wm. Lyon Mackenzie King
1874 - 1950

Prime Minister of Canada Dec. 29, 1921, to
June 29, 1926; Sept. 25, 1926, to Aug. 8, 1930;
Oct. 23, 1935, to Nov. 15, 1948

of the peasant—just to labor and expect nothing better?"

The question is pertinent. It has been demonstrated before that the weight of numbers will influence national policy. Coarse grain prices too were an issue before but when a protest meeting was called, only forty-odd attended the meeting in Richmond Hill. Protests entered then were ignored because it was all too evident that the majority of those affected apparently cared little about it.

Now there is a new approach being made, this time through the National Farm Radio Forum. At the request of farm forums in Oxford and Bruce counties, the whole question of coarse grain prices will be discussed over a national radio broadcast. Why, it is asked, does a farmer at Souris, Man., receive 52.2 cents a bushel for No. 1 feed oats and the eastern farmer pays about \$1.20 a bushel. It is hoped that by a wide discussion of the price spread, sufficient interest will be aroused to work out remedial action.

Newmarket expansion

For years, there has been talk of Newmarket extending as far as Yonge St. Now it appears that this may come to pass. A committee has been named in council to canvass the possibilities of the annexation of land due west of Newmarket. It is a logical undertaking. Whitechurch is willing that it should be done and it will help stimulate an already active growth in that direction.

It is frequently a surprise to re-discover how much building there is on the outskirts of Newmarket and in all directions. Davis Dr. is opening up. There is considerable activity all down the west side of town and out Eagle St. There are subdivisions to the north-east of town and to the south-east.

Many Toronto people are moving into town while retaining their jobs in the city. The amalgamation talk and the great demand for building sites immediately about Toronto is encouraging this development. It should continue indefinitely as more and more city folk learn the advantages of small town living over city living.

Newmarket is handicapped by the lack of business sites along its Main St. but even there, a definite movement towards the north has begun. A business location was opened "over the hill" in June. Others will follow as the heavier use of Davis Dr. brings in business from the north.

Office Cat reports Catnips By Ginger

While on holidays, your favorite cat correspondent has been musing about the things missed most in the old home town of Newmarket.

I have been wondering, for instance, whether the temperature of the composing room has reached a sufficient height for our favorite printer to completely boil over the top on Wednesday afternoon as he many times appears he is going to.

I wonder if the green scum on Fairley Lake has yet turned to blue mould, or has the water been drained out?

What new petitions are the merchants circulating on novel ideas about closing hours?

Have you, boss, resorted to the old chestnut of writing a feature on "the hottest place in Newmarket on such and such a day last week"? Or has someone fried an egg on Main St. for a publicity stunt?

I am also wondering about those new asphalt resurfaced sidewalks. Have they melted away yet or do baby carriages just get stuck in them? I can see a municipal warning placard, "Gross weight limited on foot in hot weather, 250 lbs.—offenders will be subject to prostration".

But the thing your favorite cat correspondent misses most about home sweet home is the throb of industry and progress—the daily hot, sweltering Main St. hill climb, the dry, parching heat from the machinery, the boiling linotype lead pots, pounding, rattling typewriters, babble of women employees, the stuffy glassed-in office and the smell of printing ink, glue and perspiration—all signs of healthy industry.

My, I do enjoy the coolness from that last shore breeze as I sit here in this deck chair under a beach umbrella while colorful, classic young beach sirens walk past both in line astern and echelon formations!

I must get myself another glass of fruit punch and put on

a sweater.

It becomes more perplexing as time goes by to hear news analysts calling the war the "Korean incident".

A news commentator starts his broadcast with: "and now, the latest news on the 'Korean incident'." It is a month old already and we are still calling it an "incident" while our side continues to make 25-mile retreats.

I wonder how long an incident lasts? Maybe we could call the last war a six-year incident.

I was talking to a tramp on a park bench the other day. "Why don't you work for a

I wonder what they are doing back in the old home town . . .

living?" I asked him. "Why, I don't work. I am an armchair general watching the Korean movements. If there is no big war I am going to go to work. But if there is a war, I am going to wait for the next civilization."

"What? It would take hundreds of years to make a new civilization like this," I said. "You'll have a long wait."

"Oh, I don't want to get in on the finished product. I want to be in on the primitive beginnings. It's better to live in a primitive society and live comfortably than in a complex civilization where you are liable to be fried at any minute."

by "Back Concession" The Top Six Inches

Our hog record book shows some things which make us do a lot of careful thinking. Most farmers in the fall have a few pigs to feed off during the winter.

The third week in October, 1949, we paid \$62.85 per ton for pig feed. On July 4, 1950, we paid \$78.90 for the same grade of feed, a \$16.05 raise.

The price of hogs in the Toronto stock yards was \$29.75 in October, 1949. Starting with January 4, the prices of hogs were: January 8, \$25.50; February 1, \$26.50; March 1, \$27.75; April 5, \$27; May 3, \$27.25; June 7, \$32.25; July 4, \$31.75.

These prices for seven months would average the farmers a little over \$28.25 per 100 lbs. at Toronto. We do not consider the price of pork was enough to compensate the farmer for the raise in the price of grain. One of our members of parliament who gave some study to grain prices, found to allow ample price to cover all charges on grain there was \$12 per ton excess charge. It is very hard to prove just who is at fault in this \$12 per ton excess charge.

The grain exchange sells to any buyer. It is thought that grain buyers hold the grain off the market until there seems to be a scarcity. The farmers were caught with pens full of hogs and could do nothing but pay the price asked for grain. Now when the farmers have their hogs fed off and marketed the price of grain drops more than \$5 per ton in a few days.

We do not condemn the grain dealer—he only applies business practice of getting what is known as a "corner on the market" and then puts on the pressure for price. And the farmer takes this slap in the face and apparently likes it.

The farmer is subject to so many unjust and unreasonable things. The fact remains that when a farm meeting is called to try and overcome some of these unjust practices, very few farmers attend. And those that do attend, by what they say, indicate that they have not given any thought to the subject.

We farmers all want something done to give us a little better deal. But we don't want to take time to study the problems and we won't work on any committee. Just how long will it take the farm people before they get fighting mad? There were those in farm organizations that thought that this nice little squeeze play with coarse grain prices would increase interest in our farm meetings. Could it be that the farm people, both women and men, by hard work, have so denuded themselves mentally that they do not care what happens? Are we to sink into a state of the peasant—just to labor and expect nothing better?

Or can the few who are working in the interests of the farm people carry on without support of all the farmers?

Are there too many grey heads trying to run our farm organizations? Have the older people just got tired trying to build something for the benefit of younger farm people? There comes a day when the daughter and son must take over the responsibility of the farm. Mother and father just cannot carry on. Is it that we lack the energy of youth in our farm organizations? We all want to leave our farms clear of debt for our children and work hard to do so. With our present unjust way of doing business we are leaving our children only hard work and worry on our farms.

Many farmers consider it is time wasted to attend farm meetings. We think it would be good business if farm people would consider leaving our children a good marketing scheme for farm produce. And to have some control over the prices we are charged for what we must purchase. Cheerio.

An Aurora Opinion

DOROTHY BARKER

Aurora Editor

Aurora was without police protection with the exception of a sworn civic employee, for one day when the two officers were absent from town. Mayor Bell asked council to make it compulsory for the officers to notify council regarding their arrangements for holidays or when both have to leave town at the same time. Council did not bring in a motion to this effect. Why?

At present our police apparently have an agreement that they can arrange their own holidays. If the chief decides he likes the "Probs" for clear skies and the lure of the open road it is his privilege to take off without notifying the police committee. At least this notification would give the chairman and members an opportunity to supply a relief officer.

Because the constable was out of town on a theft case, the Ontario Provincial Police had to be called upon to clear an accident on the Main St. after a party of tourists had waited an hour and a half at the scene of a minor mishap. The mayor himself had to help straighten out a drunk in a belligerent mood bent on starting trouble on Yonge St. All Hades could have broken loose, which is not improbable after the weekend news of teenage riots, a safe blowing and car thefts.

Who is at fault? This should be disclosed. The only reply the mayor got to his request that the matter be dealt with by council was a remark by one of the councillors that Aurora needed a third officer. The suggestion is excellent and worthy of consideration but not the answer the citizens deserve.

In all fairness to the officers, is it their fault if they have been given a set of rules so flexible that the condition reported to council could occur?

Who is responsible for the protection of the town, the police or the municipal body that employs them? If one of our merchants had his safe blown while the police were away, who would have been to blame that there wasn't an officer on duty in town?

This is a serious matter and cannot be shrugged off with the suggestion that the chairman of the police committee take the matter up with the chief. If the mayor cannot get the backing of his council on such a vital issue, to whom can he turn? Evidently the seriousness of the affair did not impress itself on the men elected to represent the

OBITUARY

Mrs. Margaret Foster

Mrs. Margaret Foster, 65 Centre St., Aurora, died at the home of her daughter, Mrs. Charles Preston, R. R. 2, Stouffville, on July 16, after being in declining health for two years.

She was born in Whitechurch township, July 18, 1862, the daughter of the late Mr. and Mrs. John McLennan. In 1889 she married George Foster at Stouffville and they lived on the 5th concession of Whitechurch, north of Bethesda, for a number of years, retiring to Aurora. Mr. Foster predeceased her May 13, 1922. Mrs. Foster attended the United church and was chiefly interested in her home and family. She had six children, 22 grandchildren, 32 great-grandchildren and two great-great-grandchildren.

She is survived by sons, George and Earl, Aurora, Walter, Sutton, and the late William Foster; daughter, Laura May Preston, and the late Mary Maude Risley; and a sister, Mrs. Fred Foster, Orillia.

Funeral service was held in Aurora on July 19 with Rev. Moddle officiating. Interment was made in Aurora cemetery. Pallbearers were grandsons, Floyd and Merlyn Preston, Dudley, Alvin, Jim and Fred Foster.

OBITUARY

Alfred George McComb

After an illness of two months, Alfred George McComb, 52 Andrew St., Newmarket, died at his home on July 16. He was born in Peterborough, July 3, 1892, son of the late Mr. and Mrs. William James McComb. On September 7, 1918, he married Annie Delora Winger.

Mr. McComb was employed by the Davis Leather Co. and was a member of St. Paul's Anglican church. He served three years with the 58th Battalion in World War I.

Besides his wife he is survived by sons, Alfred James, Port Dalhousie; William Eugene, Newmarket; daughters, Mrs. Wm. Joyce (Mary), Toronto; Mrs. John Shedlowich (Phyllis), Newmarket; Mrs. Terrance Johnstone (Alma), Orangeville; Lucille and Francis, at home; and sisters, Mrs. A. Pritchard, Bracebridge, Mrs. Delbert Gibson, Oshawa.

The funeral service was held at the chapel of Roadhouse and Rose, Newmarket, with Rev. J. T. Rhodes conducting, on July 19. Last Post was sounded by Frank Burling. Pallbearers were Bill Blight, Frank Keats, Alf Smith, Ted Mitchell, Alf Elphinstone, Jack Wright and Harold Simmerson. Interment was in Prospect cemetery, Toronto.

OBITUARY

Mrs. Agnes Montgomery

Mrs. Agnes Carrick Montgomery died at the home of her brother-in-law, Mr. H. M. Gladman, 99 Gorham St., Newmarket, on July 23 after an illness of four months. She was born in Scotland, daughter of the late Mr. and Mrs. Joseph Carrick. In 1913 she married Alex Montgomery, New York, N.Y., who predeceased her in 1922. A book-keeper, she had been employed with H. M. Gladman, express agent, since 1919. She was an adherent of the Baptist church.

Mrs. Montgomery was well-known to most townspeople through her long service with the Canadian National Express and in issuing motor licenses. Though never in good health, she was always ready to help in any good cause. With her sister, the late Mrs. Herb Gladman, she knitted hundreds of articles for the Red Cross during the war and was active in the Spittire fund.

She is survived by brothers, Peter, South Africa; Andrew, Newmarket; Alex, R. R. 2, Stouffville; sisters, Mrs. John Morton, Aurora, and Mrs. W. Chapman, South Africa.

Funeral service was held on July 28 with Rev. H. Cotton officiating and interment was made in Newmarket cemetery.

Lake junior ladies New league play-offs

It's coming up to play-off time in the Lake Simcoe Junior Ladies' Softball League. The league executive plans to meet at Mount Albert Friday to draw up a schedule for the semi-finals. The complete list of games including several postponements is expected to be completed this week.

Newmarket ladies junior edition have wound up their home games and have two to complete their regular season. Monday's contest—a postponed affair—with Newmarket at Sutton, was washed out. Friday night Reg. Ball and Geo. Watt plan to take the junior ladies into Mount Albert for a tilt with the second-place Mounties. Following this game the league meeting will be held.

Penalties of Leadership

By HOWARD MORTON

I had just been reading an article in the General Motors Sales Leader when news of Canada's loss in the death of William Lyon Mackenzie King came over the radio. That article, written by T. McManus in 1915, and reprinted by Mr. E. J. Umphrey, Director of Sales for General Motors of Canada, seemed to me most appropriate to the moment. With your permission I will reprint it in its entirety:

In every field of human endeavor, he that is first must perpetually live in the white light of publicity. Whether the leadership be vested in a man or in a manufactured product, emulation and envy are ever at work. In art, in literature, in music, in industry, the reward and the punishment are always the same.

The reward is widespread recognition; the punishment, fierce denial and detraction.

When a man's work becomes a standard for the whole world, it also becomes a target for the shafts of the envious few. If his work be merely mediocre, he will be left severely alone; if he achieves a masterpiece, it will set a million tongues a-wagging.

Jealously does not protrude its forked tongue at the artist who produces a commonplace painting.

Whatsoever you write, or paint, or play, or sing, or build, no one will strive to surpass or to slander you, unless your work be stamped with the seal of genius.

(Advertisement, July 27, 1950)

Long, long after a great work or a good work has been done, those who are disappointed or envious continue to cry out that it cannot be done.

Spiteful little voices in the domain of art were raised against Whistler as a mountebank, long after the big world had acclaimed him its greatest artistic genius.

Multitudes flocked to Bayreuth to worship at the musical shrine of Wagner, while the little group of those whom he had dethroned and displaced argued angrily that he was no musician at all.

The little world continued to protest that Fulton could never build a steamboat, while the big world flocked to the river banks to see his boat steam by.

The leader is assailed because he is a leader, and the effort to equal him is merely added proof of that leadership.

Failing to equal or excel, the follower seeks to deprecate and to destroy—but only confirms once more the superiority of that which he strives to supplant.

There is nothing new in this. It is as old as the world and as old as the human passions—envy, fear, greed, ambition, and the desire to surpass.

And it all avails nothing. If the leader truly leads, he remains the leader.

Master-poet, master-painter, master-workman, each in his turn is assailed, and each holds his laurels through the ages.

That which is good or great makes itself known, no matter how loud the clamor of denial.

CLOSE PAGE IN LAKE LOOP FOR POSITION

Lake Simcoe finish is closer than glue on a postage stamp. Hardly a whisker separates first five. Who finishes where won't be known until returns in from three postponed games Friday. Anything's liable to happen.

All eyes focus on scrap for sixth play-off berth. Hope has slight edge of two points and one to play. Vandorf has two on the hook, both tough babies, against Pine Orchard and Willow Beach.

Pine Orchard's visit at Willow Beach ended in a mild riot. Beach won 10-9. Six-all ball game to the seventh. Pine Orchard mustered three runs in their seventh for 9-6 margin. Beach fans hit high c as their stalwarts clicked for four.

Beach winning rally away by Irwin Davidson's triple. Geo. Holborn walked, Cec McNeill and Donnie Cooper spliced on singles. Don Trivett's towering skyler to the outfield was the climax. Lorne Shropshire grabbed it just as he and brother Bob piled into each other. Time they got sorted out, tying and winning runs over.

Noel Ash bulwarked P.O. with three safeties. Ted Tidman bolstered his pitching with two. Irwin Davidson and Don Cooper took up batting cudgels for Beach with a pair each. Lorne Shropshire and Al Chappelle supplied the fielding gems.

Another game that could have gone either way was Mount Albert 4, Keswick 3. Harold Smith allowed three hits, borrowed trouble by walking nine. Keswick pumped Ken Mitchell for five bingles. Keswick swept ahead in the third. Kelly Case unleashed three wild heaves, coupled with Ken Hodgins' safety.

Mount sneaked over the tying and winning runs in the sixth without benefit of a hit. "Smitty" walked first in and Vern. Pegg's infield out allowed Kelly Case camped on third to skip home. Lorne Rutledge sung out with a double, Vern. Pegg and Ken Mitchell singles for three Mountie socks. Ken Hodgins paced Keswick swatters with two.

Keswick and Willow Beach carried their lake shore rivalry to the last ditch Tuesday. Enjoyed a jim dandy and split the points a four-all stalemate. Beachers crept up from behind in the sixth to make it even on Don Trivett's walk, and trip to third on fly outs and over home with the tying run as Donnie Cooper weighed in with a single.

Bill Stanyer, Bob Pollock, Claude Pollock, Al Hodgins and Royden Connell strung singles in the third for Keswick four count. Hits scarce, Cec McNeill supporting his pitching with two, Donnie Cooper with similar production.

Bill Stanyer, Claude Pollock and Roydie Connell monopolized Keswick hits, pair each. Al Hodgins and Bob Pollock extra base digs against Cec McNeill. Claude Pollock's catches saved the game in seventh with two Beachers pleading from the runways for transportation home.

Hope in a 5-1 win over Zephyr to brighten play-off hopes. Lon. Ganton worked magic spell on Blues swingers—had a shutout simmering until Ken. Pickering blasted away for a homer in the seventh. Hope opened a five-run lead in the sixth as Al Wilson's double scooted two home. Bill Mabbett, Al Wilson and Ross Eves solid senders in Hope hit parade. Along with Ken. Pickering, Ches. Lunney, Gord. Rynard and Carl Myers stringing the Blues' hits. Hope lost three runs after Lon. Ganton swung for three bases—but batted out of turn.

Vandorf matched Hope's strides for a play-off ride with a 12-8 road win over Queensville. Lloyd Preston and Hal. Botham combined for the pitching triumph over Bruce Pegg on Queensville mound. Jim Preston found the range for the winners with a homer and two triples. "If we don't make the play-offs, we're going down fighting," is Art Starr's prediction from Vandorf camp. Better watch out, Hope.

Friday finishes it. Three postponements on tap and dandys all. Vandorf at Willow Beach,

Garden graph

By DEAN HALLIDAY

Released by Central Press Canadian

If your asters, dahlias, zinnias or chrysanthemums look chewed-up or deformed you can blame the tarnished plant bug.

It is a tough pest which riddles and ruins many flower and vegetable plants in the garden as well as fruits.

The accompanying garden-graph shows how this bug attacks both flowers and fruit. In feeding this insect punctures and deforms flowers, as illustrated. It also attacks the buds. It is especially fond of peach trees and in orchards can cause serious injury.

These bugs are busy in the garden from May until the fall. Since there is no completely satisfactory method of coping with this pest, fall sanitation is recommended. This because the bug passes the winter in many different kinds of shelter, particularly in plants which do not entirely die down.

Bill Stanyer, Bob Pollock, Claude Pollock, Al Hodgins and Royden Connell strung singles in the third for Keswick four count. Hits scarce, Cec McNeill supporting his pitching with two, Donnie Cooper with similar production.

Removing weeds and trash in the fall from the garden helps to get rid of a number of overwintering adult tarnished plant bugs. Some control follows the dusting of foliage with lime, tobacco dust or sulphur. Spraying with DDT is reported to give control.

On dahlias, the tarnished plant bug sucks the sap from the tender roots and also injects a poison substance into the plant tissues causing the affected part to turn brown. Plants thus attacked soon assume an abnormal stunted appearance.

Young peach trees will often be found with the main terminal and a number of lateral branches wilting and dying back as result of attacks of the tarnish bug. It causes sunken areas on the sides of the fruit which are free from down. As illustrated, these areas look as though they had been gouged out.

Aurora North York entry Hanging on the ropes

Aurora softballers, still with a chance to make that fourth and last play-off berth in the North York major softball circuit, have fallen on evil days. Last Thursday, they had to call off a scheduled trip to Schomberg for a joust with the Nuggets. Lack of players was given the reason. Tuesday night Lansing was due into Aurora for a scheduled game but conditions on the infield made it impossible to play. Recreation director Tom Dickson reports lack of pitching is the main stumbling block in keeping in there. One more attempt will be made to keep the team rolling. Should this fail, Aurora will be calling it quits.

LAKE SIMCOE LEAGUE STANDING

(All games to July 26th)

	W	L	T	Pts.
Pine Orchard	9	4	0	18
Mount Albert	8	3	1	17
Willow Beach	8	4	1	17
Keswick	6	4	3	15
Zephyr	7	5	0	14
Hope	5	8	0	10
Vandorf	4	8	0	8
Queensville	0	11	1	1

Mount Albert at Queensville, Keswick at Zephyr. League delegates to gather after the games Friday. Approximate time, 9:30 p.m. Place, President Ross Chapman's residence. Main agenda: drawing up of play-off schedule. Distinct possibility of start being made in the semi-final scramble Monday.

RED BARN COMEDienne

Another new star of the Canadian theatre has joined the company of the Red Barn Theatre at Jackson's Point. Barbara Hamilton, hailed as "one of the best comedienne in Canada", comes to the Red Barn from successes this year at Peterborough and Niagara Falls, Ont. She was with the Straw Hat Players at Muskoka in 1948 and toured Canada and the United States in Brian Doherty's production of "The Drunkard" in 1949.

BUSY SCHED LAID OUT FOR KID TEAMS

Frank Hollingsworth, newly appointed recreation director, has a busy program set up to keep the boys and girls busy of an evening. Present schedule is bantam baseball practice Monday, pee-wee Tuesday, at 7 p.m., at the fair grounds. Both the latter teams will represent Newmarket in the O.B.A. playdowns. Wednesday is set aside for special events.

This week, a four-team baseball league was organized. This is open to all boys under 17 years of age so if you're not already registered, contact Mr. Hollingsworth or phone No. 2—there's still room for more players. Teams in the circuit are Phillies, Cards, Dodgers, and Braves. League games will be played on Thursday and Friday nights at the fair grounds. Frank intends to organize a softball league for the younger boys and girls, also on the agenda will be boxing and wrestling.

This Saturday Frank will lead his pee-wee and bantam teams into Brampton for a double header attraction. Further schedule has a pee-wee tournament locally Aug. 12 and Saturday, Aug. 19, a bantam baseball tournament. The tournaments are open to all North York teams. Saturday, Aug. 26, has been set aside for a field day.

There is a need for trophies and prizes for the tournament and anyone wishing to help the cause along is asked to contact director Hollingsworth. Schedule in the Town Minor Baseball League is as follows: July 27, Phillies vs. Dodgers; Aug. 3, Cards vs. Braves; Aug. 4, Braves vs. Phillies; Aug. 10, Dodgers vs. Cards; Aug. 11, Cards vs. Phillies; Aug. 17, Braves vs. Dodgers.

Game time is seven chimes and place the fair grounds. Anyone wishing to take a shot at coaching or umpiring will be most welcome, says Mr. Hollingsworth.

Roster of the four teams is: Phillies: L. VanZant, B. Attwell, F. Bennett, G. Davis, J. McGuire, F. Lewis, V. Hutchinson, N. Smart, G. Garrett; Cards: T. Taylor, B. Forhan, J. Mills, D. McKnight, D. Bone, J. Cain, J. Hugo, W. Thoms, L. Bone; Dodgers: C. McGuire, W. Mair, N. Tate, D. Travis, B. Keffer, D. Zogalo, T. Gilbert, P. Widdifield, W. Cain; Braves: G. Morton, B. Broadbent, A. Sinclair, W. Saunders, D. May, W. Forhan, B. Wilson, D. Thoms, J. Saunders.

PLANS TWO TOURNAMENTS

A couple of outstanding events are coming up at the Newmarket Tennis Club courts. First is scheduled for July 27 and 28 and is the invitation singles tournament. The ladies will settle their championship tonight, the men tomorrow. Both tournaments get underway at 7 p.m. and are open to all players from the four teams in the North York Tennis League. The local tennis club plans its ladies' and men's doubles tournament on Civic holiday. Play will commence at 10 a.m. on August 7. Entries for this event close at 6 p.m., Saturday, August 5. Teams from Mount Albert, Aurora, Richmond Hill, Newmarket and Barrie are expected to be present.

Lions have new wrinkle On sale of car tickets

The Newmarket Lions club has introduced a new wrinkle in the sale of draw tickets. Instead of offering an unlimited number of tickets at a nominal price, 25 cents, and with a corresponding increase in the odds against the ticket holder, the club has limited the tickets to 1,000 and raised the price to \$5.

Many ticket buyers are sharing the cost of the tickets with friends and members of the family. In this way, the cost to each is reduced but the chances of winning remain just as good.

Others argue that they would be contributing as high as \$5 anyway to the various projects undertaken by the club and in this way, they also have a chance on the car.

Members of the Lions club themselves feel that the ticket buyer gets a better break when the number of tickets is limited, even though the price is higher. "The chances of winning are much better than in the usual draw where there is as high as 50,000 tickets sold," they point out.

"This way, the club gets the funds for its service work, and the contributor has a better than usual opportunity."

MEET AFTER 26 YEARS

Sisters saw each other after 26 years on arrival of Mrs. R. Fieldstone of London, England, on Saturday in Aurora, and she was met by Mrs. Hartman of Wellington St. E. Mrs. R. Fieldstone intends to stay in Canada for some time.

WINS TROPHY

Bert Morrison won the Victor Blochin Trophy for the member of the Whitechurch gun club who has the three highest consecutive scores. Bert shot 25, 24 and 23 of a possible 25 over a period of three weeks at the club's weekly trap shoot.

ATTEND FUNERAL

Those attending the funeral of the late Dr. McIntyre in Wychood Presbyterian church, Toronto, on Friday were Miss Greta Flintoff, Mrs. Halliday and Miss Janie Halliday, Mr. and Mrs. MacNaughton, Mrs. H. Cox and Mrs. Blanchard.

—Miss Helen Newton, Toronto, spent the weekend with her parents, Mr. and Mrs. Garfield Newton, Pearson's Crossing.

IT'S A Woman's World

BY CAROLINE ION

The business of being a mother and homemaker is always a full-time occupation, but never more so than during the busy summer months. Then, besides all the regular tasks which fall to her lot, are the added canning, preserving and quick freezing of fresh produce for use by the family in the winter months ahead.

TIES WITH KIN RENEWED ON LONG TRIP THROUGH WEST

A trip to the west coast provided opportunities for a Newmarket couple to renew family acquaintances. Mr. and Mrs. Walter Perrin have returned from a ten weeks' trip where they called on relatives at Victoria, Vancouver, Banff, Calgary and Red Deer.

At Mission City they visited Mrs. Perrin's brother, William Davidson, whom she had not seen for 48 years. Another brother, Carman, whom she had not seen for 40 years, was visited at Lloydminster and Mr. and Mrs. Perrin stayed in Fort Saskatchewan with the latter's sister, Mrs. Fred Simmons, whom she had not seen for 21 years.

Mr. and Mrs. Perrin said that they thoroughly enjoyed their long trip, but were very glad to be back in Newmarket.

Aurora Social News

Mr. and Mrs. Fred Moffat and daughters returned recently from a motor trip to California and the Western United States.

Mr. and Mrs. Peter Barker will take up residence Friday in their new home on Grey Road, Toronto.

Mr. and Mrs. Len Smith are receiving the congratulations of their friends on the birth of a daughter.

The Aurora Boys' Band serenaded Dr. W. A. Reddick of the Ontario hospital, Aurora, on the occasion of his birthday Tuesday. Members of the staff and many friends and patients celebrated the event with a lawn social and a musical program.

BIRTHDAY CLUB

Birthday wishes are extended this week to:

Eva Marie Kay, Belhaven, 15 years old on Friday, July 21.

Ruth Glenn, Newmarket, 13 years old on Saturday, July 22.

Sandra Jean Gordon, Keswick, three years old on Sunday, July 23.

Bruce Earl Follock, Sutton West, ten years old on Monday, July 24.

Lowell Sutton, Aurora, 13 years old on Tuesday, July 25.

Lois Gibson, Newmarket, 15 years old on Wednesday, July 26.

Send in your name, address, age and become a member of The Newmarket Era and Express birthday club.

The afternoon rest period offers the opportunity for the reading of the children's classics, a treat no child should be denied. For those who do not have such books in their personal possession, the public library has an excellent assortment. In the long evenings the father is able to share his interests with the youngsters and a firm, family relationship, rich in memories for future years, is being developed.

This being a mother and a homemaker is a busy life, but it is a most satisfying one. The woman who is called upon to spend her days with such activities is fortunate. It is gratifying to see one's garden grow; to be able to admire the display of canned produce or the workmanship of the industrious needlewoman and knitter, but these housewifely accomplishments are as nothing compared to the real satisfactions of leading one's children to a richer, fuller life.

Small House Plans . .

THE ALAMEDA, a two bedroom house, features simplicity in design, economy in framing and a livable floor plan. The floor slab is laid on the ground, to be covered with composition flooring or carpeting.

As is usual in a house without a basement, storage and work space is highly important, and these have been well provided for in the utility room and closets. A large walk-in closet for storage is located in the

hall, a coat closet in the vestibule, three closets in the utility, linen in the hall and wardrobe closets in the bedrooms.

The dining room in this house is actually a part of the living room, but dining space is also available in the kitchen.

Plans call for economy-minded exterior finish of siding and asphalt shingles.

The dimensions of the Alameda are 36 feet by 24 feet. Floor area totals 1,014 square feet, while the cubage is estimated at 11,847 cubic feet.

For further information about THE ALAMEDA, write the Small House Planning Bureau, The Newmarket Era and Express, Newmarket, Ont.

SMALL HOUSE PLANNING BUREAU NEWMARKET ERA AND EXPRESS, NEWMARKET

Please send me more information, without obligation, about the plan features and the type of construction used in the house as pictured in the issue of July 27.

Mr. and Mrs. Harry Brammer and Laurine were recent holiday guests of Mr. and Mrs. Norman Dorland, Ingersoll.

Ice Cream Social

The ice cream social under the auspices of Willing Workers of Union church on Monday evening, July 17, was a success. Lunch was served by the ladies. Afterwards Mr. Harold Moddle called the meeting to order and all joined in singing a hymn and prayer by Mr. Moddle. Musical numbers by Miss Viola Johnson, Messrs. Max and Elmer Johnson were enjoyed. Miss Beth Johnson favored us with a couple of splendid piano numbers.

Mrs. Proctor of Kettleby delighted her audience with an illustrated lecture on Canadian wild life and flowers. Mrs. Proctor's beautiful colored slide of the flowers and birds in their native habitation was most educational and interesting.

Mrs. G. P. Wood and Mrs. Minnie Willson celebrated their birthdays by having dinner at the home of Mrs. Willson in Newmarket on Monday, July 17.

Miss Betty Sytema of Kettleby spent the weekend at home.

In spite of showery weather haying is making good progress. Fall wheat is a promising crop.

Plans are being made to celebrate the Whitchurch township centennial on Sept. 16 and 17.

Mr. and Mrs. Harry Brammer, Laurine Brammer and Sarah Kolowsky, Cedar Valley, spent Sunday, July 16, at the Church of Christ summer Bible school at Omah. Laurine and Sarah remained for two weeks at the school.

Willing Workers to Meet

Willing Workers will meet at the home of Mrs. W. Reid on Wednesday afternoon, Aug. 2. Paper by Mrs. Ross Armitage. A good attendance is requested.

ZEPHYR

Miss Marion Lockie and friend spent the weekend at her home here.

Mr. and Mrs. C. Harrison and Mr. and Mrs. Len Case spent Sunday in the Muskoka district.

Quite a number attended the United church picnic held at Mossington Park last Wednesday.

The Presbyterian church annual picnic was held at Musselman's Lake last Tuesday.

Mr. and Mrs. Ken Pickering spent Sunday at Mr. and Mrs. Bruce Lockie's cottage at Miami Beach.

The swing is to FORD

Chrome wheel trim rings and white sidewall tires optional at extra cost.

because it's BIG!

Ford seats are wider, to bring you "big-car" roominess. You get "big" power, too—100-Hp. V-8 power. And you get a big-car "feel" from Ford's "Hushed" Ride, with "Para-Flex" rear springs and "Hydra-Coil" front springs for comfort.

because it's BEAUTIFUL!

Canadian car buyers agree with famous style experts who selected Ford as "Fashion Award Winner". They're swinging to Ford because, inside and out, it's so luxuriously, so completely "The Fashion Car of the Year".

because it's QUIET!

Ford brings you the quietest engine, the quietest ride in the low-price field. And for those who want even quieter, smoother performance, Ford offers its optional Overdrive. This advanced Ford feature lets the engine loaf at 35 m.p.h. speed, while the car hustles along at 50! And it pays for itself with savings of up to 15% on gasoline! Enjoy a demonstration today.

Just watch the '50 Fords go by along "vacation trail" these days . . . and your own eyes will convince you, more and more people are swinging to Ford! Then "Test-Drive" it yourself and see, hear and feel the reasons why!

Look beyond its "Fashion Car" beauty and see the extra hip and shoulder room in Ford's big, big "Lifeguard" Body . . . so restful on long trips. Hear the smoother,

quieter Ford 100-Hp. V-8 Engine "whisper while it works". Feel the difference in riding ease with Ford's new "Hushed" Mid Ship Ride. You'll say it has "big-car" roadability and comfort!

And here's another big reason why people are swinging to Ford for happy motoring: The '50 Ford costs less per mile than any other full-size car! "Test Drive" it today.

MONTREAL—Does your family make every possible excuse for skipping breakfast? You'll hear no more alibis if you make breakfast a wide-awake meal with the tempting deliciousness of your own home-made jams 'n' jellies! With CERTO FRUIT PECTIN to help you, you can preserve all the choice, rich flavour of fully-ripe fruits in jams and jellies, so quickly and easily. Because CERTO recipes cut the time to 1/2 of the former, you're ordering your Red Rose Tea—ask for Red Rose Coffee, too! Because Red Rose Coffee is as good as Red Rose Tea. Once you've tasted them, you'll want to make a year-round, clock-around habit of these Red Rose successes!
On a Hot Summer Day, there's nothing more refreshing than a tall glass of iced tea! But it's important to choose a quality tea that's above-average in flavour, otherwise some of the strength is lost with the melting ice. That's why my choice for iced tea (and hot tea, too!) is always RED ROSE TEA. Because Red Rose is good tea—its flavour goes a long, long way! It actually gives you more cups per pound—hot or cold! So morning, noon or night—when you want a truly good cup of tea—make it Red Rose! And when you're ordering your Red Rose Tea—ask for Red Rose Coffee, too! Because Red Rose Coffee is as good as Red Rose Tea. Once you've tasted them, you'll want to make a year-round, clock-around habit of these Red Rose successes!

What Has More Summer-time Appeal than a refreshing Jell-O salad? I'd say—nothing, unless it's a Jell-O dessert! Salads and desserts made with JELL-O JELLY POWDERS have so much sparkle and flavour! Because Jell-O has those seven "locked-in" flavours, that are delicious in salads and desserts. Try this cool, cool, Cucumber Pineapple Salad! 1 package Jell-O Jell-O 2 cups hot water 1 slice canned pineapple, cut in wedges 1 cup diced cucumber Dissolve Jell-O in hot water. Arrange pineapple wedges in bottom of mould. Pour on Jell-O, being careful not to disarrange pineapple. Add cucumber, chill until firm. Unmould on crisp lettuce. Garnish with mayonnaise. Serves 6.

Past experience brands Unsuspecting camper
Roger, 11, is subject to needless suspicion.
When Rogers' parents registered their son at camp this year, they had a private consultation with the camp superintendent. They explained that if there was anything their son wanted, they would be only too willing to provide it. They went on to explain that Roger was placed in a very embarrassing position the previous year at another camp because he wasn't supplied with equipment he required. It seems he had borrowed another boy's knife and had been accused of stealing it.
Roger didn't realize he had any marks against him at the new camp and was a very sociable and co-operative camper. However, he was given special attention by the leaders, all of whom had received a report of his previous camp experience, as relayed by his parents.
On the day Pete's knife chain was discovered missing, Roger began acting in a strange fashion. No one pointed the finger at him but he knew there were many eyes on him and he felt miserable.
The campers were given a chance to confess—then they were given a chance to search for Pete's knife chain. No results were obtained so it was decided to ask for suggestions among the campers. Almost immediately Roger came forward with the idea that all the lights should be turned off and whoever had the chain could throw it into the circle.
Roger's plan was to be used the next evening—giving the culprit time to get the chain out of hiding without apprehension.

THE HOMEMAKERS
Salads an everyday must
Salads have grown in importance. The salad used to be served occasionally and as an extra garnish. Today they are an everyday "must" and often the main part of the meal.
Salads vary from the small crisp bit of green that is an accompaniment to the heavy meal to the substantial whole meal on one plate that may include even the dessert. The supper salad usually provided the complete first course on one plate but has a satisfying dessert to follow.
Cold meat plates with plenty of crisp greens and some other vegetables give the impression of cool freshness but are completely satisfying to the heartiest appetites. Just as beans, eggs, cheese and fish are alternatives to meat in hot meals, so they may be used in cold salad meals.
3 "C" SALAD
1 tsp. plus 1 tsp. gelatine
1/2 cup cold water
1 tsp. salt
1 1/2 tsp. sugar
1 1/2 cups boiling water
2 tsp. vinegar
6 tsp. catsup
1 tsp. prepared horseradish (optional)
1 cup shredded carrots
1/2 cup shredded cabbage
1/2 cup diced celery
Soak gelatine in cold water. Add salt, sugar and boiling water and stir until gelatine is dissolved. Add catsup, vinegar and horseradish (if used). Cool until mixture begins to set. Add carrots, cabbage and celery. Pour into six individual moulds which have been rinsed in cold water. Chill until set. Unmould on crisp lettuce and serve with mayonnaise. Yield: six servings.
TOMATO PINK MOULD
1 tsp. gelatine
1/2 cup cold water
1 10-oz. can tomato soup
1 cup sieved cottage cheese
1 cup mayonnaise
1 cup diced celery
1 tsp. minced onion
1/2 cup sliced, blanched almonds (optional)
2 tsp. chopped sweet pickles
Soak gelatine in cold water for five minutes. Heat soup and add the soaked gelatine, stirring until dissolved. Chill. Combine the cheese, mayonnaise, celery, onion, almonds and sweet pickles. Add to the gelatine mixture, blending well. Pour into one large mould or individual moulds which have been lightly oiled or rinsed with cold water. Yield: 10 to 12 servings. If desired, 1/2 cup chopped green pepper and 1/2 cup diced cucumber may be used in place of the almonds and pickles.
POTATO TONGUE SALAD
1/2 tsp. curry powder
1/2 cup cooked salad dressing
4 cups diced, cooked potatoes
1 cup diced, cooked tongue
3 green onions, chopped
Salt and pepper to taste
2 hard-cooked eggs
lettuce
Add curry powder to salad dressing. Mix potatoes, tongue and green onions with dressing, season with salt and pepper and let stand one hour to blend flavor. Cut eggs in quarters. Serve salad on crisp lettuce leaves. Garnish with hard-cooked eggs. Yield: six servings (five cups salad).
BAKED LIMA BEANS
1 10-oz. can Heinz Condensed Cream of Tomato Soup, undiluted
1/2 cup cooking liquid from beans
1/4 cup grated onion
3 1/2 cups cooked lima beans, drained
Bread crumbs
6 strips bacon
Combine soup, cooking liquid from beans and onion. Place in casserole. Sprinkle top with bread crumbs. Place bacon strips on top. Bake for 45 minutes in a moderate oven (350 deg. F.). Serves 6.

ACCESSORIES have a way of turning your plainest dress into a smart costume, breathing new life into a two-year-old suit and making one basic garment do the work of two. While accessories are always important, there's never been a time when they had so much variety, looked so fresh and pretty, and introduced so much color and novelty.
Neckwear is cream of the crop—everything from starched "little boy" collars to elegant, ladylike fichu collars and cuffs are pleated, fringed, embroidered, ruffled, quilted, buttoned and loved. They are tiny still accents of white or big, bow-tie collars, ruffled deep in front and filled in with layers of fabric. They may be crisp, ornate or flowing chiffon, delicate lace or sturdy pique, supple nylon or stiffened handkerchief linen.
The little bunches or sprays of flowers which caught the feminine world in a fever this spring maintain their popularity on into the year ahead and are to be seen brightening ball gowns and coats. You can wear a single flower or a small spray at any point of your neckline or waistline. Or, for evening wear, wear one at your wrist tucked to a piece of ribbon. Hats still tend to be small, head-boggling affairs and are perfect to complement your neat, cropped hair-do. However, you'll be right in style if you love a big, brimmed chapeau. These are timeless. Gloves are shorter than wrist length and longer than elbow length and every length in between. Pastels are the prettiest but if you want your gloves to go with everything, you'll want one of the many neutral shades of beige or grey or a better tone. Something new is happening to shoes, too. You'll see them, this fall in more interesting color and fabric combinations than ever before. Two-tone and two-colored for casual and business wear, while for evening wear black suede steps forth in wonderful strapped sandal fashions. Belts are no longer something you use to hold in your waistline. They are beautiful fashion accessories in many shapes and widths, embroidered, tied on and buttoned.
Part of the fun of accessorizing is making some of the pretty things yourself. These crocheted gloves are true looking and just right for wearing with fall suits or one of the free-swinging tweed coats predicted for the autumn calendar. They take little time and are comparatively easy to do, even for someone who has not done very much crochet. Crocheted gloves, like good leather handbags and cashmere sweaters, are in perfect taste year in and year out. They just don't "go out of style." The pattern for making this CROCHETED GLOVES is available to you if you will write to the Needlework Department of this paper, enclosing a stamped, self-addressed envelope, and ask for Leaflet No. 3738.

The Common Round...

A TRIBUTE TO GREATNESS
Canada, in her comparatively short life, has boasted some men who would have made history if they had been born in the midst of the Sahara. Colorful, vivid, brave, they stand out against the tapestry of history like a scarlet maple tree against a background of pines.
Not all were Anglo Saxon.
Witness the French explorers and the Jesuit missionaries when missionary and martyr were almost synonymous.
No matter how we may view some aspects of their careers, they were sculptors—they helped mould the wondrous bit of God's creation we call Canada and to weld into a nation a heterogeneous mass of nationalities, creeds, colors and ideologies. They passed on, leaving a pattern and a proud tradition for future statesmen to build on. And now, another great and courageous soul has left this "bourne of time and space" for the shores of eternity.
There were some of us who did not watch William Lyon Mackenzie's entry into public life with any great optimism. To me, at first he seemed self-centred and dictatorial. So it was with all the greater sense of appreciation, amazement and admiration that we saw the real statesman emerge with a certainty and purity of purpose and a steadfast adherence to what he considered best for Canada. He led us through times of stress and strain in a way that commanded the respect of not only Canadians, but of the statesmen of the world.
Not Canada alone, but the world is the poorer for the passing of one who, we may say, especially in his later years, lived for Canada and died for Canada.
We salute the memory of a great man!
SONG OF THE HIGHWAY
Oh highway, oh highway,
You many-voiced great highway!
Just like Niagara's roar you sound—
You serve the foolish and profound.
All types of men and cars are found
Along your length, oh highway!
Oh highway, oh highway,
You're crossed by many a by-

allure,
The sick, the sad seek your speed-cure
For ills and fear, oh highway.
Oh highway, old highway,
Once an Indian trail way,
Indian braves on silent feet
Stalked their game—their arrows fleet,
Ready, game or foe to meet
Where you now run, highway.
Oh highway, pictured highway,
You lie beneath the fly-way,
With roar above and roar below,
Your denizens still ceaseless flow,
None caring whence they come
or go,
Enigma you—oh highway!

P.C. WOMEN PLAN FOR GARDEN FETE AT SHARON TEMPLE
Over 20 representatives from various parts of North York attended a meeting last week at the home of Mrs. J. W. Bowman, Newmarket. The main business of the meeting was to make further plans and preparations for the gala garden party to be held on Sharon Temple grounds on August 19 by the North York Progressive Conservative Association, celebrating North York centenary with the net proceeds in aid of the Manitoba Flood Relief Fund.
Mrs. Bowman, president of the North York Progressive Conservative Women's Association, presided at the meeting and records were kept by the newly elected secretary, Mrs. Arleigh Armstrong of Newmarket.
Mrs. Frank Hope reported on the activities of the Men's Association. Mr. Ross Douglas, Toronto, organization manager, is in charge of publicity and tickets are being distributed widely by Howard Case, Aurora. Sports committee chairman, Percy Richmond of Sutton, is arranging the ball tournament and J. O. Little, Newmarket, has charge of the angling tournament. Lex McKenzie, M.P.P., is arranging for a speaker. Earl Toole is chairman for the event and assisted by his secretary, Floyd Corner of Aurora. Wm. Case of Aurora is arranging for ice cream and pop booth. Arthur Walwyn of Kleinburg has made a generous personal contribution, which will assist in buying prizes.
The meeting was followed by a social gathering with refreshments. Included was a wide assortment of fancy cookies and small cakes served by the hostess from the Pefferlaw Women's Auxiliary Bazaar.

Get bigger yields of top-grade potatoes by protecting your crop against insects and blights with C-I-L POTATO PESTICIDES.

C-I-L PESTICIDES assure the grower of dependable, low-cost protection. For the most recent proven products and methods for controlling insect pests and plant diseases, you can rely on C-I-L.

C-I-L Potato Dusts and Spray Materials

DEETROX for blight, leafhoppers and beetles. Ready-to-use combined insecticide-fungicide dust, containing 3% DDT and 7% Copper with a special carrier-sticker. Gives outstanding control of blight, Colorado potato beetle, flea beetles and leafhoppers. May be used at any time, except during wind or rain. For seed potato crops or heavy aphid infestation, use DEETROX 5-7 (5% DDT, 7% Copper).

DESCOP (DDT-Copper Spray). No fuss—no extra mixing. Just dump it in the tank. Contains 15% DDT and 30% Fixed Copper, and like "Deetrex", gives exceptional control of blight and insects. Excellent also for many other crops.

C-I-L 50% Wettable DDT. Jet pulverized powder containing 50% DDT. Especially effective against leafhoppers—also beetles and many other insects. Combined with "Tri-Cop", it may be used as an insecticide-fungicide. Ultra-micro particle size gives exceptionally uniform coverage, also superior suspension and adhesion.

Other C-I-L Potato Fungicides

TRIOX. A 7% Fixed Copper dust, with special carrier-sticker.

TRI-COP for blight. Water-dispersible powder containing 15% Copper.

Haskett's HASH

BY GEORGE HASKETT
Newmarket Sports Editor

The arena floor should be in and ready for use September 1. That probably will give us a month to use it this year. What are we going to do about it? Beg something big! At least one boxing and wrestling card.

Indoor soccer men, if they intend to put the toe to the pigskins, should organize early. Could carry on along same lines as present town league softball. Possible too to organize something in the way of basketball—team from each ward—or something of that nature.

Might surprise one and all how many would cotton to the game once underway. Pardon us for these pipe dreams. Mustn't let the matter slide though if we're going to get the best out of this one month available this fall.

Our sister town scribe, Ab "Down the Centre" Hulse, also brought up an item a week or so back that bears attention. Why not investigate possibilities of minor pro team locating here for fall training? If that can't be landed—certainly some of big teams would come in for an exhibition game—given the right kind of coaxing. There we go talking hockey already and us tangled right up to the roots of our hair in ball play-offs. Yet all this has us interested.

Dropped in for a look-see at Bradford lacrosse couple times lately—and experienced gutted stick artists highly endorse concrete floor—type Newmarket getting—for the game. Probably get our neck in a sling for saying so, but we think there are good possibilities for lacrosse here—provided, of course, we don't have to travel all over the province to play games.

Keep it more on York-Simcoe county basis. Enough teams in the district to do this—if they get together and put it on the line with O.L.A. Let's see, Woodbridge, Maple, Bradford, Alliston and Brooklin near enough at hand to make it profitable with proper advertising, build up and bally hoo.

Country cousins: Blanket finish in Simcoe circuit. Fan interest white hot. At Friday's contest, Pine Orchard and Willow Beach fans all but got to deciding it via boxing gloves—milled around—odd punch thrown—none landed—too hard on the eyes and bridge work anyhow. Should these two meet along the play-off trail—distinct possibility of it—it will be strictly a ring around, boxing glove crowd.

Odds and ends: Glad Lloyd informs us North York championship series hinted at earlier in the year is not dead. Still distinct possibility it will work out satisfactorily. Schomberg plans a couple big events. Bring in Tip Tops (world's champions) and another fastball crew from Beaches district for a set to under the lights. And again, pair of teams of Sunnyside Ladies League—best there are—will give the Schomberg and district clientele a couple of stellar attractions.

Eddie Gibson, no better follower of baseball, softball or hockey in the district, had his windshield cracked on the Chevy recently watching Aurora baseballers in action. Least team could do would be stage Windshield Benefit Night.

Pitchers aren't supposed to be hitters. Somebody should tell Ivan Gibson, who carries Town Atomies' pitching burden, this fact. "Lefty" has had a home run in last four games. Suggest Frank Bowser put a lock on the Wheaties bin.

When you get to thinking about it, great welding job Morris Crowder, Howard Newton and Bill Morrill did at the rink. Recent test by ice company engineer confirmed this—not one leak. One lady who deserves a place in your baseball book is Gladys Rolling, Mount Albert. She put Mount Albert in the Junior Lake Simcoe circuit, is manager and when the regular coaches aren't around, which is often, masterminds the team. Right now has the team in second place with a good chance of replacing Sutton as group leaders.

Bradford, if "Mutt" Collings' present plans mature, is going to miss having its scoring leader around. "Mutt" has been transferred to Penetang by C.N.R. and odds are that he will move to Georgian Bay centre. Hard to believe but nonetheless true! Larry Bone pushing on for nine is youngest player signed with Frank Hollingsworth's pee wee entry in the O.B.A. Going to be a tough proposition for opposition moundsmen to pitch to, especially if there's any hole around home plate. Loring Dealittle, who the city slickers have dubbed Lonnie for some unknown reason, is pounding the apple for Ace Bowling in Viaduct Major Baseball League at a better than 400 clip. Takes some doing, too, as he faces some of best pitching in sandlot ball in this circuit.

you're wondering what last year's Vets softball players are doing with their spare time. Chas. VanZant coaching Aurora, "Joint" McComb and Bill VanZant have appeared in couple of Aurora games with the pitching assignment. Pete Dillman with Hoffman's, John Hisey with Specialty in Town League. Joe Tunney keeping busy with the air force nine. Harvey Gibney and Normie Legge taking matters easy with home chores.

Join with all the sporting men locally to extend the sympathy of community to Bill "Joint" McComb on recent loss of his father.

Five teams entered in Queensville tournament

Early indications are that the softball faithful are in for another all-star attraction at Queensville Sports Day coming up August 5. Titus Peregrine, in charge of entries for the tournament, has five entries and this may possibly swell to eight before the big day comes up. Present entries are Newmarket, Queensville, Zephyr, Mount Caramel and Lansing. Mount Caramel team is from the Davisville Softball Loop in Toronto. Lansing is current leader in the North York Softball Circuit.

ENTERS TOURNAMENT

Newmarket has been missing out on the district softball tournaments this summer because of the lack of an intermediate softball club. They won't be missing from Queensville Sports Day August 5. Office Specialty and Town "Atomies" are pooling their combined strength to take a crack at the money in the Queensville Sports Day. Cee Andrews is in charge of combined clubs with Pete Neufeld as coach.

Collis Tanners top Aurora town league

Collis "Tanners" is the hottest team in the Aurora Town League softball. The Tanners trampled Harts 23-17 last Friday. It was their third straight giving the leather workers a secure hold on the top roost in the league. Both teams cut loose with their bats to punish both Red Castles working for the Tanners, and Ed Aylett for the Electric. In fact the traffic got so hot Ed Aylett got relief in the fifth when the Tanners had their big innings—eight runs—from Mickey Sutton who fared slightly better than his predecessor.

Red Castles supported his pitching with three safeties, getting help from all his mates particularly Jack Seaton with a trio of hits. Mickey Sutton and Scotty McGhee laid into Castles servings for base circlers to lead the Hart men.

Harts: M. Sutton, A. Woods, P. McGuire, M. Yakes, D. Hadath, B. Stevens, B. McGhee, E. Aylett, G. McKenzie; Collis: R. Castles, R. White, G. Hodgins, R. Brown, J. Mahoney, S. Walker, N. Sproule, S. Kerr, J. Seaton.

Plenty of action As Hoffman loan opens

The Hoffman three-team factory loop swung into action on Wednesday. The official opener pitted Spitfires against Dukes, the Spits subjecting the Dukes to a 29-22 licking. Both teams showed little respect for the opposing hurlers in a slugfest. The Spits erupted for 12 runs against south-paw Bob Benville in the sixth to smash a 17-all deadlock.

Ivan Ruddock was combed by the Dukes for seven runs in the first frame and departed in favor of Hank Vandenberg. Hitting predominated. Spits' leaders in this department were Ivan Ruddock, Jack Boag, Grant Blight and Carl Codlin. For the losers Al Bryson and Bob Benville clubbed away at a three for four pace. Hank VanZant, Bob LeShien and Sam Brymer also shared in the heavy batting traffic.

No games this week due to Town League action. Monday Spits vs. Ramblers and either Wednesday or Thursday, Dukes vs. Ramblers.

Spitfires: J. Boag c, I. Ruddock p, H. Vandenberg 1b, C. Codlin 2b, G. Blight ss, M. McDonald 3b, J. Rundle lf, T. Proud cf, C. Jones if. Dukes: Andrews c, B. Benville p, H. VanZant 1b, B. LeShien 2b, W. VanZant ss, B. Murray 3b, A. Bryson rf, S. Brymer lf, H. Coats cf.

DEAR SKIPPER WE WON— CHARLIE

Dear Skipper Courtney, Lions Convention, Chicago:
So you leave us for Chicago. Well, we win while you're away, Skipper. Had Orillia gals here Thursday and beat 'em 10-7. Had to stage a last of sixth rally to break up a 7-7 deadlock to do it.

Right off the reel, string out three deuces in first three innings. Looks good until Orillia plants three in third and same number in fourth. They go ahead in fifth, 7-6, which is not good. We get it back in our fifth. So there, it's tie.

We erupt in the sixth for three runs. This is how it goes: Lois Manning walks; Jackie Moore flies out; Lois Blight doubles a scorcher into left field for one run; Edna McGrath pours single into right; Lois Blight is out trying for home. Two out. Everything happens after two away. Arlene Moore scores Edna with a double, Mona Dean cashes Arlene for run three of the innings. That gives us a three-run lead.

Arlene Moore gets into a little trouble in the first of the seventh. A nice peg from "Diz" Dean to cut off a runner at second and a couple of high skys to Mary Ellen McInnis—they should know better—winds it up.

Say, forgot to mention, nearly lost it twice. Have only nine players—one of these is Joan Boivier who is limping. Come along the fifth, see Jackie Moore make a bee-line to the bench. I say "What gives?" "Seat of my uniform gave. I've lost it." Turns out it's not that bad by half. Minor repairs and we're all set again. Make a note. Needle and thread now standard equipment. Game nearly slips away again in sixth. Blighty comes sliding in home and twists her ankle. Thought she wouldn't be able to continue. Took a lot of fortitude but she goes back to short for the seventh.

Ah yes, some of the gals whack the apple. Phil McInnis had three for four which is no small potatoes in a hitting way. Lois Manning, Lois Blight and Edna McGrath two each.

Arlene Moore was nicked for ten hits, Evelyn St. Onge and Terry Barnes poking out two of these each.

So there you have it, Skipper. Know you'll be glad to get this now the Lions have stopped roaring. Yours, Coach VanZant.

GAME WASHED OUT

The Newmarket Town Leaguers are finding it difficult to swing back into a regular schedule. Rain on Monday washed out the scheduled Office Specialty-Optimist clash. This swells the already heavy list of postponements to five games. These games will be picked up later in the season reports league president Mickey Smith.

Atomies exercise Opties With 38-15 blasting

If exercise is supposed to reduce, there shouldn't be a fat man left in the Optimist Club. The Opties got a lot of exercise chasing the hooks and slices dished up by Town Atomies in last Friday's Town League fixture. The Town Atomies blasted away with their heavy artillery for a 38-15 win. This was the first Town League contest in three weeks and further solidified the Atomies' hold on second place in the standing.

The Towners made hit and run music throughout the piece, reaching fortissimo in the sixth with a big 11-run display. Optimists attempted a last ditch rally in the ninth for eight runs but fell far short of tying it.

Homers came dirt cheap. Town had five. Errol Gould, Jerry Hugo, Herb Cain, Ivan Gibson and Ross Jones supplying one each. Ken Russell teed off for the circuit for the Optimists. Along with Russell, Joe Dales,

The Newmarket Era and Express, Thursday, July 27th, 1950 Page 11

Jack Hamilton and Ernie Miller hit pay dirt for the Optimists with two each. All the Atomies had at least one hit, with Ted Taylor and Don Brice being very hot willow-wagglers with four each.

Optimists: B. Ruddock ss, J. Dales cf, D. Cooper p, J. Hamilton 2b, J. Feat 1b, K. Russell 2b, E. Miller c, H. Noble rf, J. Juffs lf, D. Cummings lf; Town: D. Brice cf, T. Taylor 1b, H. Peter-

12-YEAR-OLD GIRL AVERTS TRAGEDY AT RAILWAY CROSSING

Joan Stusyk, of Ville St. Pierre, Montreal, pushes mother from train tracks in nick of time

1. Young Mrs. Stusyk and her 12-year old daughter Joan had been shopping in town. They stepped off the Montreal Tramways Lachine car in Ville St. Pierre and started to walk across the tracks towards their home on the north side of the crossing. Little did they realize the near-tragic adventure that lay ahead.

2. The two were on the west-bound track when the scream of a whistle pierced the air. They had been chatting as they walked and, because of this and the traffic noise, they had not noticed the speedy approach of the train—now only a few short yards away! With a sudden terror in her heart, Mrs. Stusyk seemed unable to move. She stood frozen in her steps!

3. Little Joan was not affected in the same way. Thinking and acting with amazing speed, she gave her mother a push and at the same time threw herself clear of the rails. When the train stopped, both were found to be safe, suffering only slight injuries from their fall to the ground. We are proud to present Joan Stusyk with THE DOW AWARD.

Nuggets win 9-2 Over Woodbridge

Schomberg "Nuggets" waltzed through Woodbridge quite handily Tuesday eve for a 9-2 victory. Langstaff, present second place, held its margin intact by

surprising the league leading Lansing "Tiremen" with a good licking.

Ken Ellison rang up a string of seven strike-outs in taming Woodbridge and was immune to run scoring in all but two frames, the first and eighth. The Nuggets matched the Bridgers first

innings run. Don Rainey lifted the game out of doubtful category in the third, planting a three-run homer. The Nuggets continued to add a run here and there off Bill Prasky on Woodbridge mound to string their count to nine.

Along with Rainey, Walt Thompson, Doug Marchant and Doug Brown applied the willow

manfully to spark the Nuggets plate-wise.

Nuggets need three games to complete their schedule, two with Aurora, which possibly may never get played, next regular home tilt August 3 against Lansing. Friday night, Nuggets will test quality of Toronto teams with Massey-Harris Combines coming in for game under the lights.

Shortage of cement Holds up arena floor

It was learned this week from Rink Manager Percy Hutchinson that some delay is being experienced in starting the concrete floor in the Newmarket arena. The reason is difficulty in securing the necessary cement for the job. Wednesday morning, approximately half the required 900 bags had been delivered to the arena by the flooring company. It had been expected that the work might commence this week. Last Friday the job of painting the pipes with a water-proof asphalt paint was completed.

KING EASES BUSTERS OUT OF PLAY-OFFS

Schomberg Sodbusters are through in the Peel - York League. Game two in the current semi-final set went down the drain last Thursday at King, the Sodbusters losing a toughie to King City, 9-8.

Doug Brown toed the rubber for Schomberg to the sixth and his mates opened up an 8-2 bulge. Then came a revolting development. The game's complexion changed abruptly. King erupted for six runs, eased along by three Schomberg infield errors, and it was a tie ball game. Both pitchers applied the brakes to further scoring until the ninth when Keith Kyle opened the fateful bottom of the ninth for King with a hit and ducked his way to third. A passed ball and Kyle legged it home with the tie-breaker and series winner.

Bright spots for the Bergers were Cliff Graham's four bases, Al Stevenson three in four tries and the power-laden swinging of Art Moody and Dawson Atcheson. Clark Archibald's steady pitching for King was supported by timely slugging from Keith Kyle and Al Shields.

In the other semi-final bracket Nobleton scrambled to a 15-9 decision over Woodbridge under the Schomberg lights Friday, earning the right to tangle with King for the league crown. Schomberg: C. Mt. Albert ladies Gunning for Sutton

Mount Albert ladies, solidly established in second place in the Lake Simcoe junior ladies' circuit, aren't going to be content to stay there. They have their sights set on the top rung and are gunning for Sutton, present leader. Last week, they took two important strides in this direction. The first was easy: Keswick, would be visitor for a postponed game, arrived on the scene with only five players.

Wednesday the teams resumed, Mount Albert cooling out Keswick 12-5. Mount Albert shot Margaret Green against Keswick. Margaret proceeded to pitch seven hit balls to get the verdict recorded on the win side. Most trouble came from Kay Peters who persisted in slicing the apple hither and yon for a four-hit performance. Ida Bertolin led the way against two Keswick hurriers, Lynn Thompson and Beverley Heaton, with four hits in as many tries. Chief supporting roles were assumed by Ruth Simpson, Kathy Diecman, Gladys Rolling, Evelyn Green and Doris McIntosh with three hits each.

Aurora ladies Wallop Bradford 31-5

Aurora ladies walloped Bradford 31-5 last Thursday at Aurora town park in a North York Ladies' League tilt. The win made Aurora a cinch for second place in the group while dropping Bradford further into the cellar.

With base hits going at knocked down prices all the Aurora gals helped themselves to at least one with special credits falling to Agnes Wisner and Gwen Mike for home-run pokes. Agnes Wisner had little trouble recording the pitching victory. With Hart Mfg. Co., sponsors of the team, going on vacation for two weeks next league action for Aurora gals is due the week of August 8.

Redmen win 20-9 Over Aurora Tigers

Aurora "Tigers" had their claws pulled Saturday afternoon by Newmarket "Redmen" in an exhibition pee wee baseball game at S.S. diamond. The Redmen plowed Bill Mundell's Tigers under in a deluge of 15 base hits for a 20-9 margin. The visitors held a 6-4 advantage to the bottom of the fifth. Then the roof caved in on the Tigers. The Redmen plated 15 runs and that was the ball game right there.

Charlie McGuire not only made a good fist of catching but was the terror of two-man Aurora pitching corps of Jack Brooks and Bill Jans. Charlie crashed out a homer and two triples to lead the assault. Vern Hutchinson clubbed along at three for five. Bob Murby was Aurora's top stick man with three. Jackie Cain pitched steady ball to the fifth when his mate, Don Thoms, took over to keep the victory intact.

Newmarket ladies play Exhibition at Lindsay

Newmarket Ladies have two road trips ahead of them before their next appearance before the home folks. Tonight they go to Orillia for a league contest. Saturday, Skipper Courtney has an exhibition game lined up with Lindsay Ladies in Lindsay. Usually about this time they receive their annual invitation from Cobourg for a visit there on Civic Holiday but as yet no word has come through from the Lake Ontario officials.

SIMCOE PLAY-OFFS

With completion of all postponed games due tonight providing rain doesn't cause further delay, president Ross Chapman sends out a call to league executive and delegates to meet at his residence, Friday evening, July 28, at 9:30 p.m. Main item on the agenda will be working out a schedule for the semi-finals.

Considerable speculation among the fans as to how the draw goes in the semi-finals. In series one, first and third teams tangle. Series goes four out of seven. Bracket two matches second and fourth team in best two out of three. Series three, fifth and sixth teams clash, best two out of three. Survivors of bracket two and three go two out of three—winner carries on against conqueror in series one. Finals go four out of seven.

Got big hopes at Woodbridge

Accent on youth seems to be paying off so far as Woodbridge lacrosse team is concerned for they are heading the "B" section of the district lacrosse group and improving steadily. Coach Charlie Rowntree, who took over this year, lost his own boy, "Son" Rowntree, to Weston, Bill Longhouse and Len Caruso to Brampton, and one or two veterans like Jack Blake, Hollingshead, Murray Ireland decided to retire.

Ray Castator, the veteran Bill Norton who plays spasmodically, Remi Ireland (still a junior) formed the nucleus of experienced players along with goalie Fred Cuthbert, Carl Boynton, Pee-Wee Lovatt and Bob Longhouse finishing their first year.

From Brampton Rowntree plucked George Dalziel, George Louth and Gwillim Evans, all just out of junior company. From the roster of Brampton junior hockeyists, but still Woodbridge boys, he added Dud Kearney and Bob Watson, while Don Hilliard and Son Evans also joined the team. Only three players on the roster are over 21, and the average age of the team is less than 20.

"We'll have a good team here for years to come if the big fellows don't steal them from us," quipped maestro Rowntree. With the new arena ready for next season fulltime play, Woodbridge might move higher, adding Son Rowntree and Fat James and one or two others.

Hockey coaching is a subject that the genial Charles refuses to be quoted on. It's no secret that around Aurora there are a lot of people who would like to see Rowntree return to handle junior, intermediate, or whatever hockey there is. A more popular figure never handled teams in the Aurora district

than Charlie. It's no secret either that despite the fact no official announcement has been made concerning next winter's activities in Aurora, Rowntree has already been approached by certain Aurora people to think over the possibilities.

Charlie, of course, has a warm spot in his heart for Aurora and if he comes this way would bring a flock of players with him. Woodbridge interests want Rowntree too, but like so many community projects those in charge just won't make a decision early. We hope that the Aurora interests will likewise make up their minds soon, and if Rowntree returns to Aurora, he'll have the full backing of fans and players.

Like many others, we wonder when a decision will be reached about the floor for the Aurora arena. The fall is fast approaching, when wrestling, lacrosse, bingo, dancing, etc., could be very lucrative, but it doesn't seem likely to materialize as the weeks go past. In fact a definite decision on the type of floor hasn't yet been made. Likewise, the fans are wondering when the extra seating and the new front for the arena will be forthcoming. If the Korean situation gets worse, materials may not be available. The longer it is put off, the more artificial ice plants will open, and we look for a steady drop in returns from ice rentals except for that provided by a winning hockey team.

We know of no citizen in any municipality that has a municipally owned arena who shouldn't be interested in the policy of those charged with administering the arena, and the providing of a contending hockey team. It's the taxpayer who has paid the shot to date, and will bear the cost of the debentures if the returns from operation are not successful. We mention these facts because so many people seem to forget they are actually share-holders in the arena.

Orville Carstead of Richmond Hill fired a hole-in-one at the Williams Point Golf Club at Caesars recently. It's a 125-yard effort. It was the first for Orville in 20 years of golfing. Harold Townsley, son of the overgreen "Sonny" Townsley, onetime Newmarket athlete, is playing smart baseball these days for Acton Juniors and intermediates. If Harold can play hockey and baseball as long as his dad, he'll do all right. Sonny was in actual sports competition for over 20 years.

Charlie Holmes, ex-Newmarket sportsman, interrupted his holiday schedule to be on hand for the Hamilton Tiger-Cats practices. Charlie is vice-president of the club and like all Hamiltonians he's more than pleased with the team candidates and coach Voyles. Mark it down right now that Hamilton will have a contending team this season. Remember that touchline pass old pal! We hate to mention it but it was in this column you read first of Al Dekedebum going to Argonauts and the possibility that Teddy Morris would leave the double-bite entirely. All of which has come to pass.

of the Elgin Mills girls' softball club. They were only organized last season, but went to the league finals and this year have chalked up nine straight wins to date to lead the league. There are three sets of sisters on the club, Irene and Isabelle Mashinter, Barbara and Betty Jones, Jackie and Betty Mabey, and these six along with Rena Morrison, Shirley Mylks, Esther Topp, Florrie Beynon and Marjorie Patterson complete the club. Tonight the Elgin Mills girls are in Aurora to meet Harts and this should be one of the best games of the season.

Joint McComb awaits word of his hockey future from the Chicago-St. Louis chain. Rumor persists that McComb will join the Blackhawks, and again, it is said that he will assume a player-coaching role at St. Louis. Personally, Joint would prefer to remain in St. Louis where the money is just about as good as in the N.H.L. and he is really in solid with the sports writers, fans and club officials. Chances are that McComb will settle in the Missouri city for good in 1951. You can look for definite word soon, and whichever it may be, the North York crowd will be pulling for Joint to hit the jackpot.

Little yet is known as to what Herbie Cain will do. We understand he turned down the job of recreation director at Bracebridge, has a chance to take over a junior team in the Hap. Emm's chain, as well as several other Ontario coaching jobs. Interested too in the St. Louis post. Chances are he'll return again to Hershey or accept a post that is linked closely with the Boston team. Enjoying a good golf season in the interim.

Bill Taunton, young Bradford runner whom we told you about last week, finished third in the two-mile open at the Toronto Police games last Saturday. It was his first try in higher company. The victor, the sensational Selwyn Jones of Hamilton, went the route in 9:56. That's a 4.28 mile, and Taunton, who was close behind, shaded over the longer route his best time for the mile to date. Memory Lane takes us back to 1939 when Collis Leather, still a factor in the rejuvenated Aurora Town League, won the Walter Evans trophy, then newly presented. The Collis team of that day had Stan Walker on the mound, Bert Kidd behind the plate (he's in Hamilton now), Bill West, Turk Ferguson, George Hodgins and Frank Michanuk on the infield (Mitch is playing softball in Toronto this year), and Ray White, Wilf White, Carl "Ducky" Burling, Pete "Oakville" Bertenshaw, and Bus Brown who lives at Lansing now. Pete Harman was manager-coach of the club, and a photo of the team is one of Pete's prized possessions.

The Aurora Town League lacks a trophy and like so many trophies the "Feeney" Evans cup has disappeared. If we remember rightly the last team to win the award was either Vandorf or Case's Aces, so perhaps the mug can be located and put back in circulation again. If anyone knows where it is Tom "Recreation" Dickson will be glad to know.
